She really did her and her mother recipes Yeah Very And your mom as well Very focused But you you said this before your jean was very focused on like your vernacular and your vocabulary and your grammar She's a little up about your grammar and I I'm a little upset about your grammar and uh because I I listen and I remember you said that uh there was a couple of grammar mistakes you had and I do know that Jeanie So that you're you and your thing is that a problem for you They're there and there they're writing award Mind you from L A film That doesn't mean that like you know what's interesting is like creative writers Like they don't actually no they do they do have to have grammar I remember when I yes I I don't care what no we're not artists I know what you mean Like like those Yeah No Um anyway um we're on the Big Bear channel right now and it's fun because we we see a glimpse of what what uh people see Oh there we are Uh the beginning of it all um wearing my yellow dress Is that like the first this must be like one of the first No that's like the that's like the second the third month I think that I think that was like around August Oh you can tell about the graphic actually Yeah that could be a lot of graphic Didn't come until like that was like August mid August You know I love this set that we have now I really do love this set and it it had to grow on me because they were like I think I was um what was I what was I I was in Jersey and you guys changed up the set Cash Cash is the guest host And I I I'm watching finally and I was like wait are they still doing Good Day Live I have no idea if you guys are still doing like Good Day Live It was like a whole brand new show He posted cash like three times and I was like I guess they moved on They got like a whole new show now And so I just never had this like connection with this set Yeah Well now you do And you like this I like these chairs more than the orange one They're really good chairs a day What does it mean to you What we mean a week So it's like the same thing Yeah Yeah Yeah Ok I I don't I don't think it's like the end of anything I don't think it's like the middle of anything I think it's just exactly what it is It's not work It's Wednesday it's a Wednesday It's every other it's the middle of the work It's just an every other day No it's just a ok whatever man We what does it agree but disagree You you don't think Wednesday is the middle of the week I do think Wednesday is the middle of the week but I don't think it's like that big of a you know big of a deal Like I don't go like oh we're halfway there Oh we're almost there It's like wait we say every day is the same person It's it's different for different people you know I mean some people are supporting their family They may not have the job of their dreams just yet And so they have five days of work And uh you

know if I get Wednesday is a challenging day maybe not a challenging day maybe like a challenging day in a good way Yeah maybe just like a very you know work loaded day We had an epic day yesterday Don't don't you think we had a pretty big we had a major day yesterday This is us with um Major James Capers alongside what my best friend is a marine His name is James Yeah I'm pretty sure you told him that I didn't tell him his name was James I didn't even know his first name was James In fact no I'm serious I kept calling him Major Capers because I was so nervous I was like I was like his first name is either James or Edward And I was like it can't be either one his first name was because we never called him James because out of respect we can call him Mr Capers or Major Capers Even on the title of this movie It's Major capers Capers You're never gonna find his first name because he's probably murdered the four people that ever called him his first name ever Anyway wait did you hear it yesterday He said something and it was like so extravagant I was like he was like what do you mean Yeah I said it What do you mean I was like no my God was gonna kill me and I love me I love that guy He was so amazing He's been doing so much He's done more than most humans will ever do in the history of Yes Are you kidding He came in with these medals and I really want to ask him is it heavy to sit down Like is it too heavy for you Two things One we have Joe our veteran that award kind of but it but it's hilarious Like Joe looked at him like you want to like just standing there looking good You're looking like a boss He kept smacking his lips I was like Joe I look comfortable I'm sure everyone else is and especially major capers everyone's looking straight Joe's just standing right there staring at him like I like the way you do things like 00 yeah Yeah Yeah Yeah It was like you can you can let my hand go down you can let my hand go It was it was really cute Yeah we love Joe You know I have to say when we went to lunch I couldn't hear a word He was saying I had to like lean in closer and closer I got to sit right next to my chin is like on her shoulder They're like I wanna play you tell me more I listen Even if I don't play him I just want to know about his extravagant extreme stories But like I felt bad for everyone else at the table because like I'm basically like in his space like this listening no one else his wife or his girlfriend Rosa is like is like I heard this story I don't care But like that she didn't she was very much alone was awesome But she could like fill in the words for him She literally knows everything about him What's going on in the chat I don't know I'm trying I'm trying to follow along All right they'll be all right Yeah you got to survive The specials are chilling out The second thing The most amazing thing not

the most amazing thing One of the most amazing things I heard yesterday um he was wearing the medals and he was like I'm not wearing these for me and you really had to listen to them because he whispered yes for sure Was not wearing these for me I wear them because I need to I have to wear them for the people that earned them with me I'm no longer here It's out of respect and some for some reason I'm going to bring back on a correlation she gave me is it I think I think it's I wanted to call him because I feel like that's the proper way to say it It's or anyway so much laughter very loud Um just very um like you might as Well like um what you hear is our guest They're very excited Um uh and uh you know we're we're we're basically in the conversation Um you can hear everything we nearly everything you're saying We're just like we're basically like in the conversation at the moment just got more and I don't know how we get how we get everyone you love you love our live studio audience our live studio audience And we just in for the very first time we're live here on Amazon and we've got our special guests in the back in the back What I was saying was and major capers gave me like a big correlation Yeah because I was like when he said oh we had a relationship with the cops and major caper's relationship with his fellow mates and there was just a lot of respect there I was like wow I don't know why I'm seeing a spa right now but I got that really I guess a little bit of accidental gangster and a little bit of like a little bit of metals could go that cutthroat attitude I'll kill anyone not him He was a he was a marine I know I know I know I know I know You can No you can't you can you can give me a call if I can 100% You can't say that If no just don't say it just don't say it I won't say it I was on a roll on Monday too wasn't I You were on a couple of yeah Yeah Yeah you dropped a couple of phones I'm sorry you're sorry sorry You know who's not You know what I know exactly who's messaging us Only one person would message that much Oh Tom John Barbara Barbara Santa Who No no no no Oh yeah Maybe breaking news representative George Santos charged by federal prosecutors in the eastern district of New York What do we think about this cow True blood Well I hope that they all we catch all the people that are laundering and from the public Right I'm shocked it's Florida though because Florida Florida this has all the weird stuff coming out of it Yes But like ironically Florida and Texas kind of saved the country in 20 in 2020 Yes in my opinion But they have a clear a clear viewpoint on American rights and they really do not for lack of a better word in layman's terms Get it twisted They really don't when things get weird or we're trying to progress in certain ways Texas and Florida are like no no no we're not breaking this

amendment We're not letting this amendment go In fact I'm going to exercise this amendment in response to your ridiculous and I love that I absolutely love that So I'm just shocked because I feel like Texas and Florida are so for the people and they're so for the people and they and they're by the book like when it comes to finances and it comes to government they're very by the book I'm very shocked at Santos over here You get yourself Jersey coming out in full force Um we talked about this yesterday on the show I got Chris Christie We're not Chris Christie I thought he was done He because he was just like a welcome to M NCAA Fox You won't even know where you are Uh Yes this is this is interesting Uh Patrick Brown spent 29 years in prison We talked about this yesterday for um A I can't say the word that he didn't commit The survivor just helped free him What do we think Kyle True Blood How much money was he awarded for losing 30 30 years of his life Look at look at how I'm gonna say this You can see it The media does this a lot It focuses on the person instead of the structure and the functionality of what did this in the first place I don't OK great He let out I don't want a picture of him cheering I want to I want someone to review the process in which put him in jail for 29 years wrongfully like we have to scrutinize the systems and stop just shovin what was his name The guy the guy who was involved with the George Floyd incident She was his name that everyone was mad at him The entire country is focused on him I'm like who put the gun in his hand Why don't we scrutinize the structure of system that allowed this to happen It's not his fault Like if a crazy person goes off on a tangent OK Who why didn't we have like who was supposed to be looking after this person Who let the crazy person out of the box Right The crazy person is being the crazy person that so anyway judge show in office who put Chris Christie in office What are these structures about who was arrested We got to do a deeper down what judge what judge made the wrong sentence of a 29 year wrongfully accused person I want to know the judge that put him away Not this guy with his hands in the air Like that's a sad but listen at the end of the day like I'm happy that he's got his freedom back and I'm happy that the Survivor helped get him out How much money was he awarded for I don't know I don't no probably not nearly enough This is this is what we got CNN six year old Our friends over at CNN said after spending 29 years in prison for the oh my gosh for the I can't say it because we're on Amazon his stepdaughter A New Orleans man is free Thanks to the help of a local district attorney's office and testimony from the victim herself who has insisted for 20 years that he is not the man who did this to her So why I'm getting upset

because he was accused he was wrongfully accused for nine years And then the next 20 was her telling them he's not the guy and they just didn't care He spent two thirds of 30 years in jail just because they didn't feel like opening up the case That's crazy That is so crazy That's crazy That is crazy And personally yes Now I know this isn't the popular opinion and most people that say this gets shut off the we have to come after the people we have to come after the people that have wrongfully accused him the prosecutors the judge the people that allowed this to go on for 20 who ignored what d a ignored this request for 20 years That's a huge mistake Yeah Huge huge You're very opposite You say the word Oh gosh please don He sounds like you've been in a in a cover band with him You've got to stop please please please stop I would never make this mistake Everyone knows I'd never make mistakes like this Huge Oh my gosh What are you doing And we must correct it immediately Thank you and goodbye What's that Wait you just took a sip of your coffee You weirdo coffee for sure And sponsor you after that It's been what No one talks about that He did what was popular Ok Enough about that please No please stop It's too much Too much No no come go Ok Um Speaking of interesting topics faces criticism about his faith by reflecting on Jesus's experience They hated him too That's what I say it all the time They say wait wait wait not everyone loves Jesus Christ Comparing yourself to Jesus I've done it before You compared yourself to Jesus I've done it for other people For Jesus Christ Sometimes people will be up like sometimes no no no I'm serious People come to me and they'll be like oh hi You know all my friends they hate me now Like they I'm like wait why why do they sound like that I'm making the tone I actually hear in my voice I'm like why It's not OK But the point is I'm like you know what Listen bro not everyone loves Jesus and it kind of puts it in perspective like listen why are you expecting the whole world to love you Let it go let it go Good People get hated too That's Chris should know that in 2023 you could push a gender you cannot push a word Wait what You can't say certain words like what what he say you can't say Jesus apparently and yourself in the same sentence I mean I think it's like a little uh like a little Jesus complex I do think there's a little bit uh listen I said I just had a kid at 79 You don't think he has a Jesus Let the man talk I doubt I doubt he thinks he's Jesus It's Chris Pratt He's like the most humble person in the world Do you know him personally I do Me and Chris me and Brady Pratt are going to go out this weekend I love that Take me out with you This is our buddy Tom Holland reveals he's been sober for over a year Do you Is he even 21 Do we He's like 26 Well the thing is is like

what my big question is why you feel the need to reveal certain things to the public right Like my big thing recently has been why the why it's like about 26 27 I think so I mean listen I think it's cool like that he's coming out and saying it But like my big thing is been recently especially when people are like oh they are like fighting and they like have cancer I'm always like why are you telling people like keep it in your inner circle Because some people don't want you to do well And it's almost like having a baby like in the first couple of months you keep it to yourself because like it's very sacred and I think like in the world we live in everything is so overexposed I would never I didn't want anyone to know that my mom was sick until like it was until it was like you know close enough to like actually talk about it Um But like I wanted to keep it sacred and and the fact that there was a chance for massive healing but like hey you know what um kudos to Tom Holland for um getting clean and like getting his life together And I'm happy that you know he's saying maybe ultimately there's this thing going around where you take a photo and you say what's really going on under the photo like your mental health which is cool But like I don't sometimes with celebrities I wonder like why are they really doing what they're doing Uh Like we need to see you drunk for you to tell us you're sober But no we need to we gotta have something You either gotta like you gotta like throw a TV off the balcony or get caught shoplifting We need to see something to you coming out and saying oh I've been sober for a year It's like did you go crazy We need to see you go You don't have to see them go crazy You think so And we didn't even know you were struggling with alcohol We did it you know who else is struggling apparently And it doesn't sound like he was struggling like it sounds like he he like used to have two drinks and now he doesn't anymore The cheeky Bloke doesn't have a you know ginger ale in it you know No you know who else is struggling A bunch of Americans were caught smuggling over £650 of fruit roll ups into Israel I mean into Israel So I guess I don't sell for roles in Israel Yeah II I don't know what's going on here A good business Like how much are you guys selling on these stores I mean my thought was and I had to think about the I had to think about the people that like to to you know enjoy a little bit of weed who can't even say that I don't think And £50 of fruit roll ups Why so many Who's that many rolls And I know it's a business I do those look like real fruit roll ups that looks like something else is in there Right Can we get into it Do you know how sweaty those rolls are gonna be in the middle of the desert It's really in the desert 00 it's like it's got the moisture stop It says two set of American couples were caught trying to

smuggle hundreds of pounds of fruit roll ups into Israel after a viral tiktok led to a shortage of the sweet treats Leave it up to Tik Tok It's always Tik Tok Tik Tok Tik Tok I know I got to applaud whatever whatever couples were doing that First of all couples that you got to do things together Number one number two a great business idea I didn't even know it was ill legal to it's all of a sudden smuggling Apparently You know what else is Very strange You saw this what is going on here Apparently there was a man dressed in a mysterious black hooded figure that caused a stir at King Charles Coronation They figured out who this guy was This is creepy and a f I don't know if I saw that I would be like uh where are you going on over there Sacrifices over there What is this in shock Like we didn't know there was people in cloaks walking around all creepy and stuff around that cast I mean that's that's pretty that's pretty weird Look at King Charles Oh yeah Yeah Look at look at the look at the man himself Right I'll tell you what if someone named me King I'd smile at least once Oh my God you're so funny Um Oh and I can talk about that Uh What was I gonna show Um Oh wait Oh no no no no we got some Will Smith over there Uh Yeah this is a whole list of couples in Hollywood that actually um have no hall passes needed These are couples they're um in open relationships entanglement entanglement Let me pull up I'll pull up You watch you watch you watch that episode That is the only six seconds at the red table I've ever seen and it was gold It was absolute gold When she said entanglement I jumped out of my chair and then we'll jump out of his and I felt so in line with him and then I felt out of line with him when he slapped Chris Rock But the point is is that that came about like what a year and a half before he slapped Chris year and a half Ok She said entanglement around September I want to say August of 2020 is when the entanglement thing came out Yeah How do you feel about open relationships now I mean you know I don't know some part parts of me listen I don't know if I could handle it in my own relationship but I do think parts of me thinks like maybe it's like ok as long as the other partner thinks it's ok Here's what I'll find Ok It sounds like a good idea Yes In your favor in theory right In your favor Like like let's say you're the one getting the new experience the new experience But if you got to watch your significant other have a new experience or they're more into it connected to the person You are it sounds like a good idea up until the actual time it's happening Feelings are just I don't even know where it is It's ok It's ok Um I don't know where it is but uh yeah so it's I was looking for like the link of all the couples that have been I I did I went look I went there Yeah And then and then then a bit

a bit a bit more a little more Maybe they have a different cover photo for the actual article which is hard to find Now we're moving on moving right along moving right along We got Kyle's corner we got a buzz feed Let's see Let's see what we got going on That's the only couple we need to talk about Obviously those two Do you think they're going to stay together Um I'm not quite sure Now let's start here before we get to this uh the open relationship thing You do understand that Jada Pinkett was Tupac's girlfriend and when he passed that's when she started dating Will really and still talks about the fact that she likes Tupac she kind of like puts it shoves it in his face Well I do think like she she's never respected will In my opinion she's never respected Well the way I don't think I don't we don't know that you've never been in that relationship I don't need to be ok All right OK She cheated on him Ok Have you ever seen like there uh their videos in their home It's kind of like I think they're cute kind of intense Like get the camera out of my face I didn't have to do this Right Now It's weird Yeah It it gets super intense Like whenever I spend time with you I always ask can I film You do Yeah You don't sometimes sometimes you ask sometimes you don't I did I did the last time I did the last OK All right Whatever This is interesting A woman unwind lollipops after a long term left her stranded in Australia wilderness for five days This is always happening in Aus Australia has some weird stuff What do you mean she was survived Was the wrong turn A woman survived I win lollipops after a wrong turn left her straight in Australia wilderness for five days Five days I don't understand how wrong was the turn Like apparently really wrong You made one wrong turn and then went that way so that you can't get back to civilization for five days You know you don't make a decision like that That's a very drastic decision I'm never going to Australia like spiders So you're not And the cassowary let's not forget the Cassowary Cassowary the most deadliest bird in the world That's a terrifying bird That is terrifying bird They're like they're sitting about like this tall but they're tall They are they're not they're not they're not small they're not small That's pretty I I don't know but she had lollipops Um And then this is interesting Um Ma Maggie Sajak is ready for the wheel of Four stage The daughter of long time host Pat Sajak is slipping on an evening gown to temporarily fill in for Miss Vanna White The long standing game show co hosts Um so yeah look at that Isn't that fun The show must go on as it's always said the show must go on Come on I love it Yeah I love that Absolutely adorable And she could be the next white for sure Sure Um so that's exciting Um should we get into Kyle's corner or should we talk about a couple more things Um we

talked about this and I said do you listen to some 41 And you said yes apparently some funny some funny ones Some 41 is saying thank you for the last 27 years because they are calling it quits together That's a long run When's the last music I don't listen is some 41 small things All the small things No no that's that's 1 82 0 ok Say it in So I will let go turn the lights on carry me home but that's my point Now they had some really good songs Some 41 definitely had some pretty good Let me let me let me look up what some 41 has done Oh my gosh What is some 41 done for the last 23 years I haven't heard of some 41 making any songs I mean maybe they have I think they have we just haven't heard but also like I imagine some 41 was like in their twenties in the nineties So like you guys are breaking up in your fifties or sixties Ok Uh in too deep in too deep I don't know I don't know in life you know I don't know I you know you or what are we talking about for the last 23 years Thank you And I I mean that thank you Um you know who's not saying Thank you Taylor said fans were forced to shelter in place for close to four hours due to severe national weather is having a tough time right now Right Did you see the picture No she just performed Did she I love I love Taylor She's awesome She's she's an inspiration to me Um All these girls waiting oh they're waiting for their wait waiting for Taylor waiting for Taylor Taylor is epic Um And then this is crazy I'm sorry I can't get behind it after finding out they're so racist Did did anyone assume that they weren't racist What were the people out there like Oh I didn't know how bad they were This is the country that ransacked other countries for their goal and they still have it like I didn't give it back yet It's not they're like you know what those looted materials let's give them back let's give them they're not they're just standing there like yeah we still got them What you gonna do about it I didn't know I didn't know you don't know until you know and now they're on American Idol which I don't understand Like they I guess uh Lionel perform Lord have mercy They put him on set with Lionel Richie black black What are we doing He says he's so black Like what I said the other day remember I was just like I was like player What No Crest No Let me see Let me see how Charles deals with this This is great Kate's fine She's a normal human but Charles definitely I don't know if Kate's a normal that's not Katie the princess That's Katy Perry Perry from far away She she also performed at she also performed there Look here we go to um the the Kate That's a cool dress That is a cool dress Immensely proud of mine She looks like the weather's originals Those caramel She looks like a war There you are literally 85 sometimes guy I love those things You're so strange to me Um

Orlando Bloom is immensely proud of his wife He goes immensely proud of you Mind my love you always bring the light and then she wrote Our Light But then she said recently she's just like marriage just work like so I like how they're trying to balance it out Like I feel like this is my big thing about Instagram and social media Like I don't need to put whoever I dated or date in like in any of it because I don't want anyone's opinions Psychologically I found as soon as couples start publicizing their communication it's already a sign that something is going wrong internally I agree I try to exemplify and prove that like you guys are working But that's I think like a reaction you said like when two people are in the same the same frame together like on social media it's like oh like a pro there's no question There's no all of the profiles that are like his and hers Like there's one profile but they got a his and hers Yeah Yeah Yeah Yeah I love those Like somebody cheated here her profile and I was like guessing like which one cheated because I'm trying to figure it out Like it's like it's like Laura and Laura and Andrew's profile It's like that's weird One of you has a one of you has a problem and the other one if my if my significant other wanted to share an Instagram profile I'd be like you are insane This is where we party This is where we this is where we say goodbye 100% What is sure you say hello and said it's goodbye This is what I looking for I'm no longer doing this You're shady I can't say we're going for it though Where are Selena and Kayla Yeah waiting for them Um But you know what's interesting is when you find yourself in one They're real This is this is me at Selena's Comedy special Let's try to catch the Michelle This is Selena doing two moms one mic and she's on Amazon We're excited for Mother's Day This is when she's talking about the pandemic and you know how they had to go through so much and I actually got to sit in true blood for this Um And you yeah I sat in the middle of like two of the most handsome dudes in L A and I'm sitting next to you and I laughed so much but I didn't think that I was gonna get caught laughing there to see it It was just a and I was like oh 30 seconds of Selena I'm pretty sure I'm pretty I'm pretty sure the last time Selena and Kayla were here Selena was like you have to come to my show because I wanna get you laughing I was like yes because I laugh a lot I laugh You don't laugh at everything though Only when things are funny funny and there you go and there you go Um Would you say you were like people invite you to things because they know that you're gonna laugh Well no that specifically and exclusively a Selena Endeavor where she was but she like she knows what she's looking for and casting casting her uh her audience too Yeah they're hilarious They're hilarious together I actually laughing at

mom jokes It's like laughing at mom jokes laughing at mom jokes You know what You're not gonna laugh at your buddy Donny T I had to share this Jerry concludes that Donald Trump It did uh abuse uh E Jean Carroll following emotional civil trial He owes her \$5 million and I'll tell you what this ain't gonna be the first one But you call Yeah you call him Donny T his name his name is Donald Trump Donny T sounds like you have an affinity towards him but I'm so glad my not here Yeah Yeah Yeah we got to respect like major caper said you respect your commander commander in chief when your commander in chief isn't trying to like disrespect other people He has a very dark he is not he is not he is not he is not my president I think he's actually like a problem as far as like a human goes a actual issue But like let's backtrack let's backtrack Barack invaded an African country George No president because his family owned an oil company and then invaded the country I think you know where you're going with this company for his family's company bill I thought you were respecting these presidents I am But I'm also saying like you have to take their lives with a grain of salt We're done We've been done since like 98 of thinking any of these people are perfect and we keep in a dichotomous world Well they must be horrible No they're not horrible They well they have made mistakes and if enough reporters get paid enough money and enough IRS people make you know get enough salary they're going to find mistakes in his past It's going to happen it's going to happen It's gonna happen And and you know what shame when you've done shame on shame on you done Should we get to Kyle's corner Let's get let's get to Kyle's corner Um Kyle Ka ka ka ka Ka uh good for you Hilarious Uh This couple went viral Hey I saved this too Yes This couple went viral after sharing their system for dividing up household chores and this is genius Let's check it out Why why did you want this I'm curious Ok so I just think it's a good conversation piece I'm not sure I'm not really sure I've never lived with a significant other before so I'm not sure how that works out I thought you did technically Technically Yes But did we have a mortgage together A mortgage Isn't that like when you get married you live together Oh I thought when you own a home I just feel like I feel like a home and like mortgage go hand in hand We were we were over each other's houses a lot Ok This couple went viral after sharing this system for dividing up household chores and I think it's a genius Um ok go ahead Kai lets get to number one Number one Wait was that number one Wait this one right here Scrolling scrolling Where is it Oh they're not they're not being numbered Ok They're tips Ok Um First tip here we go Um Alexa begins by saying how I

work with my wife's a DH D rather than against it Um What I want to know how he deals with the continue by sharing the first tip my wife told me they prefer to receive information in the form of lists So I write one each day I feel seen and heard because things get done and they feel seen and heard because I've met them on their level What do we think Love it Yeah You want a list Make sure you take the conflict if someone's like I want these five things done today and they list them off verbally and they're like I want this done this done this done and this done It just seems a little like it's like who are you My sergeant Are you major capers Like I don't understand why you like if you write a list together it's just right there You could take down a list Takes two seconds Ok Well like if there's trash and you're just like standing there and like I want this done and done it maybe you get stars you put little stars with your significant other Like you have an interesting way of condescending don't think at all You put stickers I'm not doing this for a sticker I like the sticker You talk to you got a stick I would be excited Oh what does it stickers Is it is it a scratchy one that you can smell I love stickers I you know I love paper source Do you go to Paper source Ever Paper source is epic and Paper Source It has like it's so cute It has all these pens and notebooks and stickers and girly stuff at staples It's way better than staples It 10 times more expensive And you get like it makes you want to be like in school when you're not in school and you get a free ma on your way out No you definitely don't get a free macha on your way out Ok Let's see what else Um For the second tip Alexa oh this is Alexa Alexa said that her wife will forget food exists if it's behind a closed door So I make a weekly menu and I all of our food in clear containers so they could see what's easily available I want this I like this too much What you said a list is good Too much Not the list What's in the refrigerator That's insane All right Ok Ok Um Next tip stated how they also divide up task instead of making everything 50 50 we make sure there is an overall balance that plays to our strength For instance Alexis said she's really good with routine things like laundry Whereas cast does more of the physical labor I don't see him smiling I just see her smiling at me Where is he He's not even there Um and then for the final step Oh are they Ok Oh I thought oh ok For the final step Alexa finishes You know I think that two I feel like two women might be able at getting things done better than a man I don't exactly I think there's the communication I got Tom who is Tom Tom You like significant other What This is crazy This is the I share this yesterday this is insane widow who authored a Greek book after the death of her husband charged with his

murder She she made a grief book She made money off a book about his murder for kids for kids for kids You know she's like don't worry honey I know daddy just died I can't get it in her face Doesn't look that crazy Look at her job tension She's like I don't want to be here That's true I don't wanna be here Look she's like I really don't want to be here That is like a jaw If I've ever seen one I can't believe so So what happened What happened How they didn't come after her quicker She made him a Moscow mule He dies right after wait what And it took him like two years to be like you know what what wasn't that Moscow mule Like what are we doing Who was running the country I understand people No reason this guy it's like there's clue games was a mo did it again do it again What was two years later Like most women know how to kill a guy because they watch those murder mysteries day in and day out If you want to kill a guy I don't watch all you do is watch How to Get Away with Murder with Viola Babies Oh I love that All those things right there were fentaNYL like in the cup That's insane Yeah It's it's a no brainer Anyway Look at this chunky this chunky chunk We're funnier yourself in a moment Someone had a rough sleep just woke up and he's just like is that like solely to you You're such a dad Look at that We're gonna have to get you like a early father's day gift just so they can feel like a dad that's coming up We got two mothers on today Two moms mother's day to them Don't forget mother's day Send her a gift Yeah No it's inappropriate in here coming up in a couple of minutes So don't go anywhere You want to laugh We'll be right back after this So Selena and Gayla we have that game Do you want to play that game with them This is a good game for all of us by same thing But different Is that a good one Yeah because you have to like right So here is our Jari Unbox it you wanna get it charged up you use this fantastic charger over here This is the output over there and it has an extra cable like this with the ability to charge it in your car So that is really cool So we have it all charged up It has here you can press on the display You can see now that it is not drawing any power it is not bringing in any power and it is 99% charged which is cool So as you want to use all your separate things you can turn on the little lights and it will show you as you can see there that now you can draw power out of them or you can turn them off just like you would at home if you do if you wanna leave something plugged in but not having a draw power there you can turn it off So let's have some fun and see what our Jay can fire up So in the past we have used the Jari to light up our lives with go We have charged our cell phones and we have done a few other things but oh we've even lit up the Arrow Garden How amazing is

that that we were able to light up the Arrow Garden But today we're gonna push the query to the limit And uh we are gonna take a look at the this works what's this This works Car vacuum Awesome Very cool And we could even take a look at it Tabi used it and uh how amazing is this Oh my goodness You can just keep on going and going and going You can get into every little nook and cranny in your car with all of this How awesome So this is what we're gonna do We're gonna stick it into our query Let's do it this way So you guys can see what I'm doing Turn it on it's a little light and the display have gone on because we are about to fire this up Thank you Mr Jackie There we go That is cool So let's see what else we can fire up today I mean that you can I mean that is just so cool You see powerful vacuum Jay fired it up Let's have a look at some of the other things that we can um fire up today Let's see Here we go So let's try the LaVoy Air purifier I mean this is a high power drawing eye item I think I would imagine So it's not something that you would generally plug into this little power port here Amazing if this works you know how incredible this must be So not only is the Jari used when you are camping or exploring the world in your RV or your car The Jay can also be your backup power source for a disaster Um you know disaster preparedness The Jay is definitely something that you'd want to have in your home And like God forbid there is something and the air is not pure and now you're stuck in your home you've got no power You can't put your air purifiers on If there's a huge amount of dust in the air or if there's a big um you know like we are in California there could be a huge earthquake will bring up a lot of dust but you obviously want to still keep your lungs protected Let's see if the Jari not only will give us power but will also save lives So plug it in over here we'll turn it on and you can see let's actually put this up a little bit because you'll be able to see the lights So let's put that try and see if you can see that there This all in the name of OK There we go So the little light is on and we have the did you see that OK turn it on let's turn on the light So you guys can see There we go That is it So we have our voit that is powered up You can see the lights are on over there And this is thanks to our query How incredibly powerful is this tiny little tiny little ba like tiny little box that is amazing So these are the cool things that we can do Thanks to our Jackie Oh my goodness Look at that This powerful little thing can do all of that So here is our Jari Unbox it You wanna get it charged up you use this fantastic charger over here This is the output over there and it has an extra to Wednesday May 10th 2023 We talking in the studio with me back in the building right Thank you for just tuning in for the very first time

Welcome to the show Hey welcome ladies How are you doing Welcome back Welcome back Thank you Happy Mother's Day Actually it's Mexican Mother's Day today Yeah Yeah Yeah Yeah I'm terrible at that last time Yeah The last time you were here you were about to do your stand up and we were so excited Um And we went to it I got next to you in between you and Nick We were crying laughing I was laughing I made one of the cuts for one of the real I think that's me because my mouth is like wide open so funny And it's called Two Moms one mic And you are both doing an early release on Friday on youtube Can you believe it I mean this has been quite a journey for both of you We are overwhelmed with joy We're so excited for everyone to finally see it The plan was always to release on Mother's Day So we're excited that we that we did that that we reached our goal I love to have you both on because you're both so funny and fun Um And I remember you guys standing in the back and like getting really good news about your show and like we were just like so excited I was like this is like Manifestation Station Like producers had reached out to you like shortly after that was really cool Yeah Yeah I I never forget anything I forget I forget a lot of stuff Give yourself credit But I have to I remember a lot Thank God But honestly that's that's amazing that it's coming out on Amazon uh pretty soon but we're doing an early release on youtube this weekend Yeah because we wanted people to take advantage of Mother's Day weekend Um And we thought it would be really fun for the whole weekend And mothers all over to be able to watch our special all around the world If you didn't get your mom a gift just send them this link I don't get you anything but I did get you laughter I got you laughter for 30 minutes That works better than that Why did I give myself I'm I'm going to send my mom the link along with some other stuff but I'm going to send her the link on it Not a mom but like I laugh so much and you're not a mom and you laugh so much Well maybe today II I identify as a mom who knows qualifications I think so So so much I was shocked I was like it was parked right Where was it again Shut I know you both were funny But the topic of conversation was about moms and I was like ok I'm ready to get into this but it wasn't like this effort It didn't take effort I just I just sat back and I just laughed like for 35 the man's role is to just sit back There's a lot of effort to both of you Did you guys write for each other for yourselves Right So when we wrote for ourselves but we would check in with each other every week and we would pitch each other jokes and we would help each other make the jokes better And I also want to give props to both of our husbands who are really helpful They listen to our sets a lot We went on to

do this special I think my husband was like I might never watch stand up again But no he loved he loved it It's like you're talking about your personal life in a comedic way This is the significant other has to be down for also And they have to be a trooper They have to be it's probably best that they are How does your husband feel about some of your you know my husband actually helps me write some of the punches So then I see him going I wrote that how that family another man taking credit for whatever he can see what that is What I just said was Yeah we love stand up and we love laughing here at the studio Um What did you hear in the back room Oh yeah Uh Kyle said oh Kayla was funny too It was shocking like Kayla was funny Yes So long I just because if you guys don't know what the background is like I'm we've been friends for like 10 years and I'm a stand up basically here So I'm always like Selena in case you guys you know what I mean And I was just like in my head in my posting head I was like you haven't said Kayla once That's funny I wanted to I wanted to try I think shock hey oh by the way is funny too So funny at the same time But you know what I will say it was awesome that I think happened to both of us because obviously you know when we did the special a lot of people came to see me and a lot of people went to see Kayla and I felt like one of the reactions I got really often that was really fun where people went Oh wow you were so amazing It was so much fun And wow Kayla was so funny to us and they had no idea who Kayla was And so I think that that was like a really awesome thing for both of us because it was kind of like people who have been fans of Kayla for a while Got to see me people who have been fans of me got to see Kayla You have different styles of comedy That's what really I think my most favorite part of the whole thing was like it wasn't just like 11 show it was almost two shows two shows on 12 moms on like two moms I love you so much I think we have I think we have a clip of two moms One mic Let's take a look and hopefully when I had her So I started watching Keeping up with the Kardashians because they have that with A K and K Oh we heard a little bit of we is me still in retrograde I think it might be It's Gatorade My friend said it's in Gatorade It's in Gatorade Ok Um Yeah we got the trailer Moms like I know the name Where did you get the name My husband wait Really You know he so she said this to me and this is funny because my husband said this to me said this to me all the time He's she's like this is a terrible idea I'm like go for it He's like no no no it's such a bad idea I don't even want to say I'm like no no no just go for it and he'll say something And then a lot of times it's a really good idea And so she was like here's a terrible name She was like it's a really bad idea I was

like ok just go for it She was like well she was like I don't know And then she said that I was like title It's a it's a great time It's super fun You know what you're getting into when you hear that title raunchy I wanna uh you want your eye you might want to close your eyes but don't close your eyes right now because you got a really cool clip Check it out You're watching keeping up with the Kardashians because they have 1000 kids And Kim Kardashian named her child Chicago because Kanye West is from Chicago It's weird right Like you're not gonna see me naming my baby van eyes People always ask like how many kids do you want Uh I'll take one with separation anxiety please People were like well don't you want your kid to have a friend I'm the fucking friend I was nauseous every day for nine months Yeah Brutal Like no one told me I looked glowing People told me I looked Jolly because a few days after you have a baby you look like Charlie's throne in the movie monster Except for unfortunately you're not Charlie's the you're just a fucking monster Listen if I was never more terrified to be a mom it was this I she it was so funny though It was so real Like you you see all these images on on um in in magazines and on TV And you see like you know the duchess like with the baby like and the heels and the makeup and you're like I look like trophies They're from monster I love I love the whole I love I love the one I was obsessed with that joke before like done and I couldn't stop laughing And Kyle was like you're a little loud and I like I love them Yeah The best audience member ever I was like I would pay to have you all Yes we were like the show I literally was like let's see her special Yeah I think we had to sign something that we might be on camera Right I had to scoot my chair because I couldn't hear the jokes You're so I love it I love it so much Um How old are the kids now Mine's going to be 19 months Wow Mine's gonna be three That's crazy It's it's wild I hope they stay little forever They're what are they doing for Mother's Day other than celebrating this awesome special What are we Well I'm hoping my child makes me something What are you What are you wanting him to make You know he's at the stage where anything would be great I mean like if he you know Drew on a page or put things in in a box or you know anything would feel really special I think that that's awesome Expectations are low Expectations are low I hope that so much I wanna pull up while you guys are talking I wanna pull up You playing a Brentwood mom if I can do that But what do you want What do you what do you want Well my baby is only 19 months old So my husband so your expectations are incredibly high She she better Um But my husband already gave me my gifts because we're we're bad at keeping things

from each other So he bought me this thing called Vine Box where it's a little wine vial Oh that's so cute because everyone needs some wine and then he mommy juice right Yeah And then he bought me like these measuring cups from like five minutes For what For cooking He bought me pots and pans and like measuring cups and I feel like he's like you go to the kitchen and enjoy That's a crazy thing We lost our measuring cups to the baby She kept taking them and they love she loves throwing things away Now Dan Dan does actually my favorite holiday is actually Mother's Day because Dan makes me a video every year It's amazing It's the best gift ever Right I can Yeah like it's remembering all the good times for the last and I give him my phone Yeah Yeah So you give him the phone I give him my phone He takes from my phone on his phone and it's really great He one time tried to have an app replace him and he had the app do the edit Um and it was very unsuccessful It was it was like in every like emotional moment of like me and my son we would just get like cut off and like like weird like at it I was like what is that I wanna I wanna pull this up Andy can we get volume on this I wanna pull this up real quick and I just got Botox adopted a dog This is Charlotte I was gonna name my kid that yet You was gonna name a kid that I'm literally feeling all of the expression in my face and I just got Botox adopted a dog This is Charlotte I was gonna name my kid that yet You're gonna name a kid that I'm literally feeling all of the expression in my face And I just got Botox adopted a dog This is Charlotte We can watch we watch about you're so good at playing a mom and being a mom and being a funny mom Um Where can they go on youtube to see this So yeah it's gonna be on uh two hands This is your camera here Sorry Um camera ready um On the Two Hands Productions youtube Um Two moms one mic will be out on Friday at noon and you can celebrate Mother's Day all weekend send it to all your mom friends send it to your moms Um We're also gonna put up the links on our Instagram Uh So yeah we're super super share your Instagram handles for those who are watching and then we're gonna play a quick game with you because I feel like this is a funny thing to do with funny people Um My Instagram handle is at Selena Ringel sel I ma Ringel and Kayla at this is my camera Uh No I think we're wait Yeah wait What Oh there you go Yeah there you go I see you Yeah at Kayla Crawford Kael a Crawford for Instagram Amazing OK So you guys have to check out two moms on mic It is hilarious You're going to love it You're going to laugh and you might be your pants So you're welcome Uh This game is also the same It's called same same but different We basically have to come up with a one line that will be
