I'm gonna leave it like that But what I do appreciate is somebody who is older Um I think about like 20 years um doing 20 years old 20 years older What he's doing is impressive because I'm trying to do it yesterday I looked at myself yesterday I looked at myself and I was just like why can't I keep up with everyone This is so hard It was so hard Kai could be a thing that I mean it hasn't for me No I don't think But yeah why not Well I mean not for me because that's I'm not looking II I never uh this is what I learned when you look what I'm not looking I found me and uh the right person The right person will find me too II I found me and I you're still looking for yourself What are you looking for Why are you giving me like a smolder look Am I giving a smolder You look like you can either open your eyes or you're smoldering It's a little bit of both You rub your eyes Oh yeah your mommy is not here Is that what it feels like You look like a little boy right now throwing me off I just wanna like give you a hug I'm OK with that I don't know if I've got all you Um oh there it is It oh you you had something in your eyes It's the woes of having long eyelashes the woes of having long eyelashes long long long that's cool You got to split it up you know Kimmy so intelligent She's so good at like reading people also I'm really interested to see like where this show goes what she does with it Who she helps Yeah It's gonna be interesting to see It's gonna be interesting to see You know what else is interesting to see this guy B Davidson I I love you man but the shaved head is not and I'm not digging it But you know what I'm also not one of the uh billions of girls that he's dated but he did say in 12 years he's dated 10 people I don't think that's crazy but to some people that's very interesting that became all anyone would talk about I mean let's talk about the women that he dated They weren't just regular like women These are like super star models like huge women in media They weren't just actresses What you like it You liked his choices You're like good job Pete Right The guy is obviously blessed BDE is what you'd like to call it Right I don't know about any of that I'm not a woman I don't know how to even look for that kind of energy I don't know That looks like I have you I don't know if you have BDE in that regard Uh because we've never we've never been there but with a good credit have BDE tell you that anybody would do a credit score ok You could purchase something for over \$10,000 You have maybe it's BCE BCE That's probably you know and that's and that's a double entendre Big energy He's like Bam BCE Well once you go black you don't go back right You don't go back that you see in the black car comes out You never you never go back Now We're talking credit We're not talking about other things Get your

money out of the gutter get your mind out of the gutter We're talking never made a white card It wasn't it wasn't big enough it wasn't big enough We're getting down No no no no no That's you know people said that I'm like I love Lucy because she's she's quirky and she doesn't Um she she skims the line of like what the guys this is all the sizes you need all the size you need Kyle You're hilarious Davidson All right man All right Who he dated I need him to do some actually You know what I wanted to see the king of Staten Island because it's really good I heard it's very good It's just with these Kardashians and these Davidsons it's like bro could somebody Davidson I thought there was just one Yes Sure But with the articles there's multiple articles and like can we just see what they can do Like I need some talent Why are we talking about this person I mean I think Davidson has stand up a couple of good stand up good movies Yeah I think they're talented I think anyone that holds your attention has talent I always used to be like I don't know why Pete Davidson is on SNL and then he did a sketch with Timothy I love Are you even listening What are you doing I'm I'm ordering you a drink while Uber eats Well don't want me to serve you No we keep talking him and you with Ok Yeah Yeah Yeah Ok Continue What a good coworker You know you're not having a good day It's because you don't have a good coworker Yeah Well that's ok You can bend me later Keep going keep going I'm trying to talk to you OK First time I believe in uh Davidson's sketch comedy skills was with he did a sketch with Timothy Chama They both acted as rappers It was pretty good It was pretty good I can see that What are we up here We're in entertainment news So let's get into it Uh This is uh this is um yeah this is what's going on right now We got Britney Spears and her husband Sam are not wearing their wedding rings I'm sorry why why is it like we got to know if they're wearing their wedding wings or not Does that mean that the relationship is over You She vacationed without him also mean you don't ever here's my thing sometime and maybe that's the that's one thing you go to Cancun without that wedding ring Well what if they have different schedules What do they have a different schedule without the what do you mean Well you know for me to go on that vacation what if you know they they've been together for like I hope I'm sure she signed a prenup and I don't think they're getting divorced That's just my opinion It's my it's my opinion I mean everyone's entitled to their own um uh more entertainment news on the news fronts Our friends uh was not guilty So Really Kyle Oh my mom is you sent me this too I I you know I don't want to look at your um what you sent me because I I'm surprised I wanna be surprised and I wanna be able to

comment on it Yeah So this is is going around town but what she the \$1 she gets the \$1 But also what people are trying to figure out is what she said to the man that charges against her What she said we don't know Andy Do you know what she said No she just whispered she whispered something It looked like I'll be back She's like you're lucky I'm uh I just lucky No Honestly she probably like you lucky You're lucky I been playing around and I only charged you \$1 I mean she did see some funny things on the stand That was interesting and we did learn a lot about her eating him and how she felt like there was a man between her legs and she thought it was like a thing a thing I mean she was skiing right There's one thing for sure is that Paltrow does not give a heck about anything No she doesn't Here she is um at the trial Um going uh here we go This is her I mean look look at the look here she comes she comes she's gonna whisper you're screwed I got you What do you think She said Kyle what do you think She said Let's see what did she say What she said Look how she walks out Yeah Yeah We're gonna rewind in 1992 here We're gonna play it again Um You uh you made me dismissed You get your \$1 She look how she walks over Look so graceful so calm Look Look she almost did a hair flip here You're lucky What do you think She said Kyle I think she was nice Do you think she's like I don't know the way that I can feel the heat behind her head You can't feel that like she's waiting for it Wait wait wait wait waiting for it She stands up She's been waiting to say this the whole time Wait what do you think She said She leans she's got a little bit of smirk Leans over Wait leaning leaning You're lucky I think that's what she's saying I think she's saying you're lucky or maybe like see on the slopes again I don't know What do you think Andy what do you think She's saying What's that How much can you sell that for Probably \$100,000 that get out of here Get into politics But this is something that is a noteworthy former president is going to be is indicted That's crazy since you call them you know who is the Oh Lord I can't listen to each their own Right Tell you what No one even knows what to think about this guy Some people call him racist Some people say he's the best thing that ever happened to black people We don't know That's the beauty of it Do you know he has more awards from historically Black Colleges than any president in history Yeah You keep saying that no one else knows this He's done a lot for the community No one knows this It's a shame It's a shame Media calls him racist Everyone's like he's racist He's look at him look at his hand and it's like what are we doing I don't know what we're doing but you brought this up What is this Kyle No you can't play this right now You said it's a good day of life Why Why I don't

get it I don't get it Ok OK I'll take it off Was that to me This is cool You guys have good day live good day live stuff and then me inappropriate things on the side OK Um What's this This is a liquid tree What's a liquid tree It's it's to combat the the pollution in the air Yeah Yeah Um Look at this Pay attention I am paying attention Yes Yeah Oh Microalgae by removing carbon dioxide from the air and producing I want a whole wall of this in my house So I just want like uh like maybe like one test two with that microalgae that I can put in my own water my own vase and have my own like little liquid tree a vase vase That sounds weird It's it's weird you say I don't know the way it comes out of your mouth Yeah Well your mama wears army boots Is that where Right now It's a Friday She was just here Monday Love your mom You know You know I love your mom Melanie If you're watching I love you And I think you did a very good job with Kyle I wonder what you gotta do to upkeep that micro algae I don't know You didn't read about it I mean all I read was that it was you know very cool Yeah Yeah that is very cool The world Um Kyle said this to me This is crazy and look at this Look at look look how far this camera goes What OK See these are people on the beach Look at look look look what Oh my God What what That can't be real and that can't be real That can't be real This cannot be real I'm sorry This is a gimmick I mean you know who could use this Joe Goldberg and you on his next victim right Oh my gosh Oh my gosh Look at this What gonna be someone Wait wait what in the world happening This cannot be uh this cannot be legal Was that I don't know I mean look at look at how impro this is Look Look no it's you can purchase this Wow Oh no it's closing So you can actually get you can get this get it now before before it's illegal Yes Pretty much Right Get it now before it's over Um can I read this Yes Ok What do we got here Guys Really Let a football match ruin their uh day ha ha ha And then a guy chimed in and he was like girls let zodiac signs shape the future Why I don't get why is that funny Why is that funny I always thought uh Pisces and Cancers were perfectly matched I guess that's not a thing but it says that I'm not saying you're my future I'm just saying like you're allowing zodiac signs to shape your future We let football games shape our day Same deal Was that for me or for the audience that can't bill for everybody for everybody You included ah thanks for blessing us with your with your Kyle's corner stuff More Kyle's corner What is this Oh my God how fast the bear can go up a tree Look at this This is for you guys at home Who think Let me just go I want to go I know of someone who went on a camping trip that they went to go look at bears I was like what do you

mean You went to go look at bears like bears in captivity They were like no we went on a camping trip to go explore a bear country and like run into bears in the wild I'm like that you might as well just jump off a bridge I don't understand what you're saying to me Like do you understand What do you what do you what do you mean Unless I have like a jet pack that can get me out of the woods immediately I'm not coming face to face with a bear I think people vastly underestimate the strength and the speed of the athleticism of a bear Yeah Like they think it's like some hunky moving thing That's real time That's not up maybe 100 ft in three seconds Ok You didn't even get your second foot on that branch that you need to get up You know you're like you're like Rob Rob help me help me and the bears already there The bears already Rob is the guy that brought you into the in the first place First of all I never trust a guy named Rob Rob I'm sorry out there I'm just kidding I don't know Rob I don't know Rob There's some other names that I don't trust Rob Rob is a pretty solid name Rob Rob What's your buddy's name Rob who was in the studio not too long ago He was in uh stepbrothers Rob Rob Rob the hangover I was watching the you guys are not gonna get away with that in here Yeah Yeah he plays the cop who tases the guys so good Oh this is just little Jordan Peterson little uh man At the station just to start your day Yeah Ok What do we talk about here Ok Well I never understood this really but there is like a parody to Peter Pan What's the parody Ok Let's can we start this video over I'll read it out loud Yeah Yeah Yeah Do do do do do do do here we go So look when you're old you're all poten or when you're young you're all potential You're all potential It can it can manifest itself in a bunch of different ways and you don't want to give that up So you're like Peter Pan because you want to be young forever and you don't want to give that up You don't want to give the potential up You know the world and all you see is hooks You see who's lost the hand you see who's been chased by death and that's the clock and the crocodile hook is always chased by death because he's always chased by time which makes him a tyrant So you grow up to be a tyrant but you don't wanna be so you don't wanna be disciplined at all but that's no good That's no good either So what transforms your self potential into into actuality is discipline So OK so nobody does go go do something go do your best thing that you could think of Put the best plan that you have the practice It's not gonna be perfect It'll change along the way but it will change partly because you became disciplined pursuing the path And as you become disciplined you become wiser and as you become wiser you become able to formulate better and better plans I love that so much You know that I

I said that the other day that I wanna be like a kid forever but not because I wanna be a child But it's because that the uh the way I look at the world is so rare Ok And uh and I think that's important especially when you are You want to keep that and but I think what he's saying here is that you don't have to lose that and you can still be disciplined You're pretty disciplined Uh I yeah I am Yeah I try to be Yeah Yeah Especially when I have a vision and a goal I don't want anything getting in the way Speaking of vision and go What is this guy What Oh my God What is that What I can't this is sushi I love sushi But this but it looks like a sandwich Yeah But it looks like a sandwich Pepper mango slices with a little mango Yeah No it's good It's good It's good Pickles Right Little avocado What Put it on top wrap it in some seaweed salad Little radish I was surprised you never had seaweed salad for a long time then That's a little Chipotle mayo That's just that's just a heart attack waiting to happen The best thing or a waiting to the stomach ache for me 100% Look at when you when you get Mission Duck I've had that before in the past with you It tastes so good in the moment and then I'm reeling Yeah Yeah Yeah But you love Mission Duck Do you want to give them a shout out the Mission Duck there Number 10 on Yelp In California I thought it was L 1/10 No wait they're number 10 in California I'm surprised the line isn't around the block That's what I'm saying It's a secret It is a secret Careful You're gonna go back you're gonna go back and they're gonna be like all the way over there for my noodles and my chicken 100% You need to let me know when you're in the area so I can meet you I'll let you know next time Yeah I feel like that's never gonna happen and and he's in the building So you hear that you're gonna let me know All right Well I probably won't be able to catch up with you because usually you probably go late at night Right You you you yeah I think is that all Kyle's corner No there's more Kyle's corner stuff again What's going on with Gwyneth She won the ski crash trial against her against the guy and was awarded her \$1 that she requested This woman Give give uh you know shit you're telling me this this woman she went to court wore \$50,000 suits the entire time for a dollar She's humoring everybody Yeah And she loved it She loved it Yeah She's a superhero in my book She's a superhero in your book She's a superhero more so than Batman No no no Ok I gotta make sure got you know got to make sure I'm not quite sure Um but this is funny So uh so Mario love this love this girl Um Can I wanna play sound on this Uh but anyway um so this is Maria and um she was talking how she was hacked VIP S Instagram was hacked She said that she um which you're not supposed to do offered the hacker money she

offered her money Yes to get her Instagram account back Um And then that's what he wants Yeah so he so she ended up like giving him \$1500 Um Instagram would not help her Um which is true It's my friend actually went through this Um This has happened before So look um I don't have a bank account but we agreed at 1500 Please keep your promise as you promise We agreed And so um as you keep your promise this person stole your account Ok But this has happened This is but this has happened I get it but like he's already shown you who he is you know my ex boyfriend this happened to my ex-boyfriend's mom and she too like tried to like work something out because when you have like a massive account like like VIP O like her like um um Miss Jones had like they're like that account is very important because once the account goes they have to start from scratch So they try to work with the hacker to get it back Instagram will not work with you This is a thing But then this is I laughed at what Maria said because look so she's like showing like the text messages and then he was like he didn't get the coins She's like but I gave you the Bitcoins please I trusted you Please don't delete it And she's I'm sorry Maria you're hilarious I don't think what you went through was hilarious but the way she talked about it was hilarious Um and then uh and then she said um then he started telling her about her brother He told he was a hacker was telling her about the his brother and that uh oh wait is this her or him 00 wait What I can't I can't believe who wait Oh she's she's the green Yeah And he's telling her about his his brother that like something was gonna happen to the brother And she said um he's telling me about the brother I don't really understand Um but then he ended up saying that she was a nice person Eventually though like the amazing negotiation skills didn't work and um she ended up getting her Instagram account back She believes it was an inside job So who knows who knows who the inside job was I you know I think when I watched this I was laughing not at what she went through but what she was talking about I thought it was funny She's so funny We had her on the show She's hilarious Hire a detective They're good You how do you know this you know cyber detectives like I know the blue there's people out there that can help you You know this is the thing So my friend he runs an account but his his wife holds a account for her paintings right Um So they actually have like a few different ways of uh they kind of meddle in this world of like cyber detection So like he if you want any name on Instagram he can just get it for you It'll just like all all the person has to do is be inactive for like I think it's six months and you can have that tag So like his name his girlfriends name and you can search you

can check me on this His girlfriend's name is Tanya Her name on Instagram is Tanya That's it No no ones no twos no underscores no dots nothing like that Just Tanya So what does your friend have to do when you get that Uh I don't know he's like deep in that world like they're able to tell like you smell a movie a movie This is boring stuff Really You instantly peeked my attention when you said it was uh what was it A Detective That's even the excellent title Cyber Detective It's pretty boring stuff I mean which could be funny because like it's a play on words Cyber Detective could be really exciting but his life is actually really boring So we got another TV show put on the list if you want to contact me through like a number I got a guy I can just plug the number I can give him the number and he'll tell me exactly who you are and where you live What can you do that right now Emails same thing You can tell me if I have an email of yours I can give it to someone someone else and they can tell me every other email address that you have What Yeah it got weird It got weird He like he like put this to practice and there was someone there with a boyfriend and he was he was like yeah we'll do it real quick and she didn't believe him So she gave him an email address and he did it and he was like you have this like reads out the email address that she has and one of them was clearly a burner account What's that burner account The one that you it was like hot kitty 111 this is you Right And she's like no that's not me And we were like I'm pretty sure that you like just the way she's reacting We're like uh I don't know what that email address for I don't know what you're up to You shouldn't even have the conversation if you had secrets like that in your closet She stay quiet Sat back Be a phantom be a phantom Like you're not there you're there but you're not there You ever heard of a phantom arm We're getting off topic but I it's never a dull day with you Kyle Never ever ever ever ever ever Um I think I said something too Um uh let's see let's see Let's see Let's see Let's see Um what you want to see basketball as is Birds eye media Um our our Autumn Hawk Um who is this So lebron James has a son that's older How old is that guy He's like 18 Damn Can I say Damn I just did multiple times Wait how No no no no not not not like I'm not attracted to him I'm shocked How old is lebron James Lebron James and I are the same age 36 36 maybe 30 37 Lebron is 38 He's 38 So he had a kid at 20 Well he was making like a like \$10 million a year So Yeah I guess like that you can do that You can do that I think you can do that I think you can do that with or without three kids Uh I don't know I I didn't know he had just shot up No one He was like this little fat pudgy kid and now he's like 65 Wait Yeah Yeah Amazing He might even be better than that one and then

doing something Nobody just wants to sit and watch somebody talk No there's gotta be I mean depends on what they're talking about I mean when I mean of course you want talk I kidding I was kidding It was a joke It was a joke that went sour You I got you I got you a coffee or a macho So give me yes Do you know how much that costs me gonna take me another hour after this show to make up for uh normally I don't know probably like four or \$5 but on Uber eats you added an extra 10 It's ok It's ok Yeah Yeah Yeah it's fine Money comes to me and to deliver it Yes they do Hold on Can we just take a moment when I delivered for pizza I wasn't charging I wasn't getting \$10 tip on top of the fact that I had to pay for my own gas Well that well yeah Uber you have to pay for your own gas but they're still getting \$10 No they're not getting \$10 The company is getting \$10 and then you have to pay an extra \$3 That be Look at this bed this is called the bed made out of it Looks like seashells Uh I sleep in the seashell bed down by the sea shore Say that five times fast at this thing Shelley by the sea in a shell bed Honestly Where And that's that's Barry's accent Where are they keeping This bed is what I want to know This cannot be in House of Barry store because this thing is huge Um They they are featuring the award winning bed by one of their favorite designers Kenneth Colin Poo Why do it is so funny Why do you think it's so funny Oh man Oh man That's why did you why did you come up with an accent Why Where did the accent come from and just say it go and poo We're talking normal with all the future award winning band One of our four favorite designers by Kenneth Coin That's amazing I never have one when I'm with you or on this set That's amazing That's a play That's life I still managed to like flip my hair in the process Hilarious You know what To be thankful on a Friday At least it's not zero The viewers will probably me You and her Oh yeah That one that one that one That's funny My mom is your mom watching Melanie are you watching I love your son I love him I love Kyle He calls me Miss she was funny She's like Miss Miss Miss hold on mom I got a Miss is calling me hilarious How much is this bed Kyle I don't even think you want to know How much do you think this bed is Andy You love numbers If you looked at this bed What percentage do you think that's a \$500,000 bed No no no it's not that much It's not that much It's probably I would say that bad You do Price is right I don't think they list the prices It's one of those I can go uh Kenneth Yeah See for me it's I might get to that point but at least you said that I would maybe that's how you actually say it I don't I've never been like a big designer like uh for homes My one of my best friends is um an interior designer so you can help me with that Like I

wouldn't know what any of these things are She was like I already know what your place is gonna look like I was like great because I don't know what my place is gonna look like I'm too busy focusing on what I'm gonna wear and uh what I'm doing he he makes a lot of these type of beds Of course this is a Kenneth coin poo poo Here we go Are you ready for How much you how much his bed is I think I was gonna say 20 I wouldn't want much higher You want a higher more than that I don't want more I just don't yeah I don't know if it's worth uh I I don't know what oh yeah 26 So funny Is that true story That can't be true That can't be a true story And you said she said say 26 I said 26 The guy looked at me like I had I can you that oh my God that joke is only gonna last two more times Kyle And I need you to take me by the way 26 He was like what the f did you just say to me Do you want the legs out or knock the price is \$88 guy Do you want it or not I was like no no no no no no Wait the true story You didn't really happened 26 It was like ok whatever you want We love Well Sally was lying for a second I was like why I got the number wrong Yeah maybe Um so this is interesting Uh I told you I recently started watching Friends because I didn't watch it as a kid Um but uh Jennifer Anderson is saying listen there's a lot of people that are gonna go see this show finally and be like you know what is not I don't I I don't approve but it's true So I mean like think about it and that there were black 30 years ago Yes But also there were black people during that time Kyle really You gotta say that it wasn't appropriate didn't he get like impeached All allegedly the point is that the world was very different back then very different back then Let it go No I don't think you should let it go I think it's important that she comes out and says listen um there are gonna be some people that are offended by this show What what's with the eye roll It Impossible not to offend someone I'm sure I'm saying something right now that in 30 years someone's gonna be like oh my God that's so offensive Well I mean I don't know if Amazon live is gonna be around in 30 years but maybe this this video will be around than 30 years in 30 years I'm gonna be like oh look at mattress is getting So although I'm pretty sure like there'll be like a pill that will take in 30 years It will make us look like this in 30 years That's the thing I'd like to come up with that Like comforting thought the other day I was like oh my God If I doubled my age I would be oh my God 72 years old Oh my God 72 year old Kyle Right But then I thought wait I'm gonna be 72 but it's gonna be like 2070 Like who knows what kind of technology we're gonna have Then we just got the internet technically compared to that timeline You know what I mean No he didn't The internet

killer could be a doer We don't know I should pull up what I was wearing on the plane You know what I was wearing You know one thing is that these killers and these doers they get their victims by giving their victims something to ingest Now what does Michelle do She happily gladly takes a sandwich homemade It's a from a stranger I wanna pull up what I was wearing that day just so you guys know what has nothing to do with it Ok I mean I think it has partly to do with the story What we need to do is bring you to like some kind of like dare class or like situation because you're gonna need it Ok You can you can't just go accepting food from strangers This is what you would have woke up in a barn in Kentucky chained to a fence woke up in a barn You just accept sandwiches from strangers That's insane Especially so cut even more You know what is cute and bad That's hilarious That's true He's cute I probably would accept a sandwich from him and has seven murders on his belt Oh my gosh I would totally accept your drink Is here Your drink is here Is the coming in Hi Come on in Come on in Thank you so much Thank you Thank you Thank you Have a good one Yeah No Listen I think that's a that's a thing Oh yeah How you doing How are you I said yes I said yeah he was he was my type I'm not searching Did we have this conversation Oh that's why it was so expensive You got yourself something too Well of course I'm gonna shout out to the bean of coffee Shout out to the bean of coffee I'm trying to find out what I wore Oh look at that The app It was so cute I want to share it It's over now No it's not over It's over Your life would have been Had you ingest that I did the you ate the sandwich Of course Why did we never get there You ate the sandwich Yes I ate the sandwich Uh what I did what I did You're talking about a sandwich that started in his kitchen went into his backpack into the Uber through customs into the terminal Then to lunch then gave you the sandwich That is a five hour turnaround at minimum No that lettuce is soggy No it was wrapped Don't do that Kyle I hate when you do that Don't please don't do that Don't Kyle Really Do you have to do that gross I'm trying to find my outfit So cute You're welcome That's dangerous You wanna live on the edge Go with Michelle at the airport and eat some sandwiches Yeah that's why I never have I ever never have I ever ate a sandwich from your parents You don't you don't take things from strangers especially not sarap things from strangers strangers shirt That's all the more never mind what you need to tell me if there was a gorgeous girl gorgeous blonde girl that was standing next to you in the airport and was like I have a story I got a story I can't finish this story Ok Go ahead Go ahead Kyle The biggest mistake was going on Tinder

What went on Tinder This is like I ironically this is like a month after our first date A month Yeah in 2021 I go on Tinder because you were so sad from the way our date ended after the date that we went on He said first date we had two dates It was it was a date and a half and half because technically yeah we won't go there Technically because I went with you and I like left That was but the second one was supposed to it ended up being a date because it was supposed to be the cast of Charlotte Chronicles and it was just you which was weird And then I was like wait what looks like a smooth guy This date was like we're celebrating Charlotte Chronicles and I was like great And so I like told all the people because we had just gotten like 3000 views on our our our our thing And he goes let's go celebrate Charlotte Chronicles I'm like let's celebrate Charlotte Chronicles And then he goes this is a date and he goes I think you just look at me like a work buddy And I was like um so I'm at Monte I meet this girl and she's like oh I don't want to see the girl that he went on a date with Actually I kind of do oh let's pick a new girl for you Kyle Oh that's amazing I don't like I like to be private Yeah he's the opposite of me Yeah I'm private Like Michelle over here likes to spill all her beans Like I'm like Kyle is the opposite He's like yeah cows are like their beans beans here So but it's like one o'clock in the morning and I was like kind of intriguing kind of scary Let's see what happens though You are such a who I can't say it Wow She offers me a drink It's pink down It are no As soon as I down this drink I have an absolute panic attack because I'm like holy cow I'm not thinking why did I just drink that I'm gonna wake up with a sore butt tomorrow 100% or something weird is going OK and you gotta get it Yeah I was trying to find the the picture Ok Everything was fine Everything was fine Wait did you get why did you have a pink drink That's what she offered me I was thirsty Went for it can play a little bit of Never have I ever Oh Kyle I never like to hear about your past relationship stuff Yeah Let let's let's play Never have I ever go go ahead Say thank you coffee bean for the awesome drink Look at the camera Thank you coffee bean for the awesome number two Hold your hold hold hold your drink Hold your drink Let me do it nineties way Thanks Coffee bean for my drink That was the nineties and do it again and take two Thanks coffee bean for my drink Thank you Coffee bean me I love you and appreciate you Um I am the coffee bean 000 yeah let's do the Idris Elba way How do you do it Go ahead Coffee bean Get on top Do you have any other ones that you can do Was there a straw on my back Ok thanks Thanks Coffee Bean Never have I ever been kicked out of a sporting event Now that one's controversial Wait what Kyle I

was suspended for one football game when I was on the team Well it's because I told my coach to what I don't even wanna know tell my coach where he can go Wow You know for such a sweet guy you have quite a temper sometimes I don't have a temper at all You told your coach where he could go He told me that first he gave my number in the middle of the season to a freshman who wasn't even playing I was like what is this What are you doing I gave your number on the field and that we need to score with This person is never going to play for the team Like on the field He was a third string backup quarterback and the coach just wanted to kiss his ass maybe because I don't know his parents donated or something Something It was like something like that It was like I think his parents literally paid because their boy won the number so bad And I had it number three Did that bother you at least tell him how you feel right now Talk to me ask me tell them how you feel right now Kyle Number two I was like whoa whoa whoa I thought we were cool but we're not Anyway I got suspended Oh there was another one I'll play the game again Uh Sammy I I love this You love baseball I mean I love the Yankees Why did you look at me like that with like such a like uh someone someone was asking me Oh it was my it was Nick He was like let's go to Boston I was like why why they were like you never been to Boston I was like no I've never been to Boston They're like why I'm like I'm a Yankee fan Like it doesn't make any sense Kyle like knock it off I was like I'm serious There's no reason for me to go to Boston and to check out Boston to see how the state is I mean not the state That's what Google image is for I'll be all right It's a Friday The blonde has got to be official I said you can check out Boston the state who stay oh never done this flirted with my best friend's partner Die Have you done it I didn't know that Oh my best friend Oh my best friend's partner You didn't know what Let's hear the excuse first Before we get all the denial flowing out of your mouth Let's hear the excuse First thought it was my best friend Like no maybe not Your best friend What No whatever I'm gonna say is gonna get me and like it's not gonna give me anything because I'm single but like uh yeah sure Yeah I did You mess around with your best friends No Mess around flirt is not messing around is like hey how's it going People die for less People have died for less for what who who who who is your best friend at the time I was in school and uh and I uh well had a crush on your best friend's partner No it wasn't that it was worse than that I would say I would say I would say to my boyfriend's friend I was like if there was no Dave there'd be you What You would say that I was 19 at one time I kill her If there was no me that'd be him if there was no

you I'd be single How about that It was also it was also like a joke because I was the fraternity sweetheart No I was just too much of a flirt You can't hide behind Oh just kidding I love when people do that they say something like no no no but I'm friendly now I'm friendly now I was flirty then Flirty Flirty was like saying stuff like that That's flirty Friendly is like hey how's it going Not like the hug lasts just a little too long No I don't do that No no no I don't do that That's inappropriate I'm a grown woman The walk of shame too many times Uh no been kicked out of a sporting event We went over that locked my keys in the car while it was running while it was running you when you lock the door accidentally while the car is running Yeah Gotta be a special kind of special to do that I think it might have been that special while it no I don't think I was that special Right Like while it's running keys my poor keys stolen something at the checkout I've never stolen anything Literally not to be like too weird about it but like because I'm black I don't steal anything I assume people are expecting me to steal anyway That's terrible But I ok So when I was three years old I told the story already When I was three years old I was with my dad and I hated going to the grocery store I hated it and you know I hated it and I would have like these like whole like tantrums and I wanted a crossword puzzle magazine They're little teeny tiny They're like for like 85 year olds It's like readers digest I was like that Can I have it Can I have it And he said no And then what I did was I put it in my jacket I put it in my jacket and I'm like walking out of the store I'm about to walk out of the store and it falls on the floor out of my little three year old jacket And my dad goes what did you do And I and I said I dug it and then he goes he get it back to me He goes go tell them what you did And I was like oh I took I took something because my dad wouldn't buy it for me I blame my dad I blame my dad is gonna be in the penitentiary 100% for one day My dad I said I took it because my dad wouldn't buy People always ask me that because I think they're they're like pretty anxious to see how I turn out as a dad because I think you asked me the other day like what would you do if your kid wanted to be a you mean yesterday Yes How many people do you talk to A lot of friends I I mean yeah I guess you do have a lot of friends I have a good amount of say it was a competition What is that a competition You can do that It says the dress in a Halloween costume Come on You never did that before Oh What what were you dressed in boxes in a bathrobe My senior college What were you supposed to be Clean What was literally your costume You were you had a girlfriend at the time too She wasn't too happy about it I'd be happy about it if my boyfriend was like keep your chest Like
