dancing is the best you singing is also the best It's also also also also the best Um I'm taking I'm having some birthday snacks with you So uh yeah if you've ever if you've ever if you've been feeling scattered now is the time to hone in on your desires Time to be direct and very clear with your intentions Watch your thoughts because you're drawing into your life What you are focusing on meditate on this card when you want to click when you want clarity and directness in thoughts and speech So didn't say that Yeah I find that very interesting They put it like that because um eh as we both love he turned me on to the uh truth that like thinking happens to you you don't like promote you can promote thoughts But like for the for the most I think like 90% of your thoughts are subconscious and they happen to you I mean they happen to you Your thoughts happen to you You can't like if I say don't think of pink elephants but I'm choosing the thought No you're not Oh OK You don't choose your thoughts You're involuntary Most I mean you can choose a thought like you can be like I want to think about rainbows and you can but for the for the most part of your thinking I think I'd say about like 90% of the subconscious and it just kind of running like a chatter box in the background Oh got it got it got it that happen to us You're hilarious So uh I just found it interesting that this book actually put it the same way Watch your thoughts not not like control your thoughts or anything If you're watching them happen you know and that's how to also describes it Like watch them go by Don't you don't you can't identify with your thought It's a thought It's separate from you Happened to you and let it pass by like under a bridge which I really like But that also help you focus kind of put your thoughts in perspective like that because you have distracting thoughts right right now right now But um no this is cool I really like this deck you a job in getting this deck focus so I can focus cards for today And I'm a pretty cerebral person So that's that's fitting for my birthday I am eating clearly on camera I can tell this is why we work well because I can tell that needs a minute I'll just keep talking like now like right now like I'll just keep keep going and Michelle does the same for me um when I had one too many coffees Ok so good teammate Never gotten that 10 no we haven't Ok You wanna pull one more Um Yeah I do It's your birthday Ok I thought you said you wanted to pull one more one more It's Kyle Buzz's birthday So let us know where you're tuning in from wish him a happy birthday Um and tell us how you are celebrating the day with Kyle T you know let's get into it We want to get into some controversial topics Let me know when the inter Oh yeah we got some Kyle's corner coming up in a moment but in the meantime let's play another

good one Kyle did not want anything from uh coffee bean but uh I got something So thank you coffee bean Thank you coffee bean I appreciate you up there She is leaving for the day Um This is the coffee bean uh tradition or the daily tradition is uh I you know get Hid rated and um I get hydrated and caffeine caffeinated by my buddies at uh he said coffee pink pomegranate and pumpkin enzymes in it You know I got to say I was really impressed pumpkin enzymes I was really impressed with their products Yeah Yeah they all smell really good They're all like extremely healthy They don't even use the the pe G oh Right And that's and they're all natural and it's yeah and it's really really good for your skin And um you used it the other day and I couldn't stop smelling you I felt uncomfortable It has that it's non oily and it smells it has that clean like candle wick I love a clean candle wick when it smells too sweet like cotton candy But clean it smells so clean so fresh and so clean clean It's hard to describe So fresh and so clean clean Ain't nobody so fresh and so clean Clean Kyle Uh what are you gonna do for your birthday Um tonight What what are the big plans Oh it's more work for me I'm not working tonight Oh you never know who you're gonna meet You never know You want to uh want to show up show show up show out And I was saying this actually to D Dra last night I said she's like are you doing anything with Kyle for his birthday Like is he going out And I said no actually he's going to like an actor's like thing And I said I think it's really cool because you're telling the universe more of what you want Yes Less of what you don't want more of what you do want I was talking to my mom about this Wait but not today we're talking about like don't tell the universe what you don't want right Because if you focus on what you don't want you're going to get more of that correct You're telling the universe you're in lack of something Yeah That's basically what the universe is going to get back to you is that you're ok You're in lack Here's more stuff so that you're in lack Yeah It it's a simulation that's it kind of ties into like religion where it's like I think that's what mean when it comes to spirituality Sure OK Oh ok Spirituality also works But I mean what religion having the faith in uh having faith in general I think what they're talking about when it means like have faith in positivity that things will happen I think that's where that into spirituality Yeah Well again like I think again I have to go back to like how we met and how this is all like taking place is because I literally asked like the heavens above like what should I do with my life And I heard Right Right Right And I then you know adopted Charlotte and then the rest is history You Yes Yes Yes I'm always writing But in the meantime I'm also

growing growing this show growing our studio and like getting sponsors and um and uh you know fast tracking moving forward Speaking of speaking of which doing good work Yes Yes Bounce curl We love bounce curl and we love Persia She's incredible and a new friend and we're going to get her back on the show I think next week to talk about her story not just with girls but um how she like is now helping girls all around the country and the world to bounce back from a toxic relationship can produce a show like that Yeah I'd love to I'd love to you know um Yeah we have we have a new thing coming up dating IRL which is exciting with Kimmy Seltzer I love Kimmy Seltzer Listen and so many people are like dating on apps but this is not just like shunning the apps It's like how do we integrate apps and dating in real life And I'll tell you all about that information as we move forward Um yes let's get the date Yes It's always a good dating conversation with Drey Renee She has a new podcast out We want to talk to her about that Yep And how that's going for her Um we'll be right back with our favorite buddy Miss Dre Verne We'll play some games and continue the celebration Don't go anywhere We'll be right back Do you like it wasn't in it Happy birthday Love you love you So here is our Jackie Unbox It you wanna get it charged up You use this fantastic charger over here This is the output over there and it has an extra cable like this with the ability to charge it in your car So that is really cool So we have it all charged up it has here You can press on the display You can see now that it is not drawing any power It is not bringing in any power and it is 99% charged which is cool So as you want to use all your separate things you can turn on the little lights and it will show you as you can see there that now you can draw power out of them or you can turn them off just like you would at home if you do if you wanna leave something plugged in but not having a draw power there you can turn it off So let's have some fun and see what our Jay can fire up So in the past we have used the Jari to light up our lives with go We have charged our cell phones and we have done a few other things but oh we've even lit up the Arrow Garden How amazing is that that we were able to light up the Arrow Garden But today we're gonna push the query to the limit and uh we are gonna take a look at the this works What's this This works That car vacuum Awesome Very cool And we could even take a look at Tabi used it and uh how amazing is this Oh my goodness You can just keep on going and going and going You can get into every little look and cranny in your car with all of this How awesome So this is what we're gonna do We're gonna stick it into our Jari Let's do it this way So you guys can see what I'm doing Turn it on It's a little light and the display have

gone on because we are about to fire this up Thank you Mr Jackie There we go That is cool So let's see what else we can fire up today I mean that you can I mean that is just so cool You see powerful vacuum Jay fired it up Let's have a look at some of the other things that we can um fire up today Let's see Yeah we got it So let's try the LaVoy Air purifier I mean this is a high power drawing eye item I think I would imagine So it's not something that you would generally plug into this little power port here Amazing if this works You know how incredible this must be So not only is the Jari used when you are camping or exploring the world in your RV or your car The Jakey can also be your backup power source for a disaster Um You know disaster preparedness The Jay is definitely something that you'd want to have in your home And like God forbid there is something and the air is not pure and now you're stuck in your home You've got no power You can't put your air purifiers on If there's a huge amount of dust in the air or if there's a big um you know like we are in California there could be a huge earthquake will bring up a lot of dust but you obviously want to still keep your lungs protected Let's see if the Jay not only will give us power but will also save lives So plug it in over here we'll turn it on and you can see let's actually put this up a little bit because you'll be able to see the lights So let's put that try and see if you can see that there this all in the name of Ok there we go So the little light is on Welcome welcome welcome welcome welcome welcome to this day live Glad you're back Glad you're still with us We have here a very special guest with this list One of our favorite guests Welcome back to the show Andrea is one of our closest friends not only with the show but outside of the show and we love her so much um to celebrate Kyle's birthday birthday Happy birthday Where are we going with this I'm going Happy Birthday tune Better than the Happy Birthday Happy Birthday Happy Birthday You get it get it get it 36 36 Wow you wear it 36 Really Well Kyle my dad feel different doesn't it Because you you you like oh you're later Uh but look at the way he's wearing his suit like look at all of it Look at the double eye blink He was like a double eye blink now that I'm 36 I think I may talk grown men double eye blink Oh God Oh God Oh God I'm uncomfortable I think I'm gonna talk to this now because I'm 36 I feel like I want to give you a pipe Kyle You should do a voiceover I just I just told him that you really should I just told you that if you like whatever you just said me what's happening I'm uncomfortable I think a lot of ladies 36 00 Ok Uncomfortable Gonna keep my keep my legs crossed and sit closer to you I'm hilarious Rea has got a new podcast out Tell me about your podcast Ok

So it's called The Token and The Truth Oh I love that great title Where can we see it It's on youtube and we uh it's live live stream on youtube and Facebook Amazing And um Dre has had great trajectory so far The first like first one you have like a couple now you have like almost like 100 people just tuned in We had a couple of reviews and I was like oh but then like it's our third episode and we have like 60 views like that That's really like coming in It is it is And we have very strong personalities TV And I we did a reality show together Oh awesome Five years ago called Exile with Carmen Electra was the host on TV Yeah And um we dated for like a second after the show Oh snap I didn't know that I technically yes But like no you gonna ask questions if I get on that podcast I'm asking questions now Well if she's gonna ask questions she's gonna ask questions to you That's fine Yeah But basically the show is focused on male and female dynamics and it's such a hot topic right now Of what men should be doing male oppression what women should be doing and and all those things And I keep telling him that I'm a medicinal woman which I actually love that We love that orange show Yeah we said it and I think that that's possible Freddie is very like he wants a very traditional experience however he is of a particular age As am I we're both still single So I'm like well it doesn't sound like anybody's got it figured out Ok buddy we still got some work to do on both ends Right I think even I think even if you aren't single you don't necessarily have it figured out Right Like we're all just trying to like live our life the best way possible and you know Yeah Yeah I mean I don't know about the he's going to get into it come from the baby boomers and they all had it all like in it was just so figured out for the baby boomers for our parents that I think we're trying to replicate that Whereas in Gen Z I think their parents had them what they're doing They were yeah like but their parents were a little bit later than baby boomer We're talking about like the hippies Children Yes Yes You know what I mean So they have like a much that's why they all have blue hair and purple hair and blue hair Very like oh Jez has blue hair Are Gen Z the ones that call us old It's a very strange experience and when I get on tiktok sometimes or even Instagram as well And you see these I mean I don't want to say kids because it makes me sound so old but you're not But no I mean I think eight years is not is not a huge difference I dated someone who was eight years younger than me That's a child No I go you know so I'm 36 I'm dating a 28 year old I think that's possible if she's you know if she's she's mature a different difference in there is a difference But I think I do think I do think uh women do like men that exude like you know a little deep deep voice and a little a

little a little masculinity a little a little little uh facial hair Actually Kimmy Seltzer asked me this last night and she's like what's your what's your like What's your type And I was like I don't really have a type but I would say tall dark handsome with a little facial hair Now You got well yes Yes you yes you yeah And and they just turned 36 just said 26 0 my God What's wrong with it Um No no no no no Uh So Kim you asked me that and I was like no actually I don't have a type anymore It's more about do they fulfill like certain criteria or like are they right for me Not just like do they look this way and do they do this It's like what do they do They add value Do I would I add value What would Yeah it's all it's uh I'm doing a lot of introspective healing in the relationship relationship space But I do think there is something to be said for Does that me She's like I wanna be part of the conversation for the age difference Going from man to woman woman to man I mean I dated a guy who was nine years younger than I was and you know there were definitely dynamics where I felt like his mom and it's not even like on purpose It's just certain things I'm like honey we're not gonna do that OK With clothing right Like or you're like you're like how do I beg you to do it I don't mean to do it but they were wearing that today Yeah You get the voice that I do for Kyle Don't I do that You don't I do that voice for you or I'm like Kyle will be like you know you give me a hard time Like don't you have a standard female voice What is it Yeah I don't think I thought you and Nick Do you were like actually no no no you didn't mock a female You were like you said you did a thing can you mock a female voice Oh no not on camera He'll do it but we can do it Yeah Yeah Yeah I heard it a total double standard actually Know that man you got to be so that to everything It started out with a white male demographic and then it just kind of blend into all male demographics Can't say you can't say no And that's it Yeah What's that But now we're all grouped in that I mean it was you know there was the case and then I was like wait a second Cosby's coming back out with something I did hear that Cosby is coming back and I'm interested to see what his sales I like going to the show actually Go to the show maybe Oh yeah maybe maybe will come on the show I can actually get get I possibly get Charlie she get on let's get him on Yeah No actually I could my girlfriend used to date him for a minute Oh ok She's ok Now it took a it took a minute It was during his heyday during the times Oh ok I was thinking maybe something else was not Ok because Kyle is telling us about a friend of his that walked away with a parting gift when he was dating Nobody wants that No no I don't want anything to do with that Speaking of gifts do you want to

open up a gift This is this is from studio place to Yeah Yeah Yeah Yeah Yeah

your daughter uh as you grow got you flowers you would you would melt
Yeah Look at his face look at his face He said she's like dad Yeah Yeah I can
Now let's clarify if my daughter's seven and she gets me flowers 100% and
my daughter is above the of 25 and gets me flowers I didn't get daddy
something else Over 25 What's wrong with that Yeah What you want her to
get you socks instead something you can use something You get shocked
Listen I actually had this conversation with Kyle Um I was at I did a a
karaoke thing and I used to sing my guy like to my dad but I used to sing my

dad and he said you can't do that You can't No a bad man can take my hand from my gut And I would say my dad no for his birthday his youngest son got him um hand prints like he just painted his hand different colors and like that's so cute Put like 50 sheets of his hand in a box and gave it to him for his birthday So Kevin Hart was like what am I gonna do with this So on his son's birthday he gave him 50 hands of Kevin Hart and I started crying and he was like what's the what what what what what you gave them to me You expected me to like them Why don't you like him So here's something If my kid gives me flowers and I gave him back flowers in my in my subconscious there's like seven boys going for a football team I'm just going for the complete football team You poor future person Look at this Look at it Hopefully I mean I'm you know I'm 36 That's not they're not even in like the cards yet but like hopefully I can get two Right Two Yeah two is reasonable I mean I I you gotta start at like 22 years old I mean seven is a lot of Children have a lot of money a lot money especially if you spend 15 K apiece That is that what the number is No that's his number 14 I just what he said that's what he wants His gun on his kid You who's spending 15 each year Do you guys understand what kids want 15 K That's a lot It's a lot I definitely did not get that I didn't get that No but you get the kid a snowboard and a bike You're already like three grand in Ok What parents did you have Because that's not what the world I came You know it was a very privileged child I was very spoiled My friends used to get I was an only child I had three bikes I had a I had bunk beds They were like we can give you we can't give you a brother or sister So we're going to give you a bunch of toys to share with your friends They gave me more toys so that I could share my toys with my you had beds So jealous I wanted to be so badly Did you We had it we had sisters in both houses Mind you I'm sorry Both houses Four beds for me Yeah He had his dad and then his mom and then I had the beach house also Oh look at look at look at Jersey the king of Jersey right here Do you want to play a game You want to play a game with Dre Um do you want to play a deal breaker in the eighties It pays a lot Yeah we had we had the same Um his mom was the same I think like I'm gonna get my kid like \$15,000 worth of toys I got that kind of amount Go for it go for it You do it OK let's play a game a game Yeah wavy hair So check us out before we get the game Bounce curl curl Now you don't have to but if you could smell it maybe try it on your skin So this was presented to us by a woman named Persia Bella You got can we get a picture of her in her hair So dry can see No I mean you have the you have the thing of of our if not um you can go to Pera Bella on Instagram I just

wanna know what you think of her hair Bella she's beautiful beautiful beautiful gorgeous gorgeous girl So she works with a company called Bounce Curl and these are all like vegan products or non carcinogenic There you go Birthday boy But we tried him out on Monday and everything was amazing Yeah Kyle even put it on his beard and his and his hair There you go There's Bella Look at that hair I saw her Yeah she's amazing We love her So I'm sure you like if you want that would you like um a uh some hair supplements They're really good They're really yum they're vegan That's a selling point for him for your skin too What do you think Yeah they're pretty good Uh Andy had about five yesterday You're only supposed to have two a day He went for you know what i it's defining butter but not butter butter And you're supposed to put this through your curls Yeah I love that It goes through the whole process really good too and then you can put this in your hair It's super lightweight Love that packaging Anything that has little like flowers in it Yeah I'm always here for it Kyle like wanted to eat all of this the other day He was like about to Here you go Um one more gummy I'll take I'll take a gummy I mean it's your birthday we're not having I mean are you having do you have cake You have are you sweet Kind of honestly it's depends on what the sweets are I love a good sweet Nobody got you cake This smells amazing Wait Oh wait wait this has 4 g of sugar Why not We got some application going on the left side A little Couldn't help it Right Wow Look at you Hey All right Very very pretty bouncing bounce curls I think I smell a new influencer for bounce girls I love it Yeah it's really pretty Right I'm gonna put some on the other side It inspired me to want to have curly hair I don't think I can do with a little curly hair I do have curly hair I have naturally curly hair It's like I would love to see it's like curly hair It's super curly Well I don't know what it looks like now because it's you know been chemically I would love to see a Middle Eastern way because I am Middle East I'm Armenian Syrian and Italian I did not know I know Is that crazy I didn't know either until like when I was little people would be like what are you And I was like huh Oh because you're not you're not your hair was darker Yeah Super dark and super curly And people would be like I would love to see that photo I'll show you they'd be like I would love to see that photo Yeah And I I because I went to um a Catholic uh middle school and um everyone had blonde hair and blue eyes seriously Um not that it bothered me and now I have blonde hair Um but uh I had crazy curly hair and people will be like isn't it crazy The things you remember and you keep in your brain Yeah Yeah Yeah Yeah Yeah I had that

forever I remember people being like how do you brush your hair I know it's very very curly And then my brother told me I look like Anne Frank and I was like I'm never having curly hair again Or the irony of the irony of that though is that I played Anne Frank on stage in DC Um and uh it was an incredible experience Yeah Yeah It was really cool It all Oh my God There I am with dark hair You've seen the dark hair Yeah that's me with dark hair I might go dark again But um I'm not mad at that No I mean I look exactly the same just with darker hair Um but you should see me with curly hair Like that's not the curl and type in type in Google Google Michelle Mirra you'll see um dark wavy curly hair It's probably just hit images and you'll see it Yeah He loves brunette I don't think I'll be able to sit next to him like the paddle Yeah He was like yeah Yeah Yeah Yeah He was like he was like oh there I am with the dark hair Yeah Yeah Yeah It's like a whole different look Yeah that's Michelle with dark hair It's a but it's a different Yeah it's a more Look There she is Yeah there she is Like it's almost like look at you Yeah I can go any which way I like the blonde Actually I went blonde because of my mom my mom like had the blonde hair and I was like oh that looks really pretty and I love I do like that look Thanks Thanks Thanks Thanks Thanks Thanks Thanks guys Kyle Oh like God you like that look don't hate You are attracted to brunettes though That you're like a thing That's why I went to college Oh Lord Ok We had more brunette But Kyle so funny That's so funny because I I had a scholarship open like seven or eight different colleges for football I had a choice of like you know down the northeast corridor and then we're looking at hair color on women Well here's the thing Well my parents were like they were like these are the ones you can go to based in the academics I was like well these are the ones I want to go to based in the girls And so at least you're honest at least you're honest It was it was a 12 to 1 ratio man to woman 12 to 1 who is looking at our man looking at that when you're 18 You are Wow Now your stories make so much sense about college like half my life ago like 18 times two is 36 0 look at the numbers dude the number 18 I was making this decision and it was that what are your decisions Now It was in the middle There was a bunch of metal sopranos walking around my campus I'm like this is wrong I remember I was told I was like look like Meadow Soprano and I was like I didn't want to look like me And uh I tend to be more attracted to darker feature I like if you're like blonde like that beach like I don't I don't tend to gravitate towards blue eyes Blonde Yeah I've always gravitated towards like lighter hair and blue eyes Yeah Like if I look back but then when I moved to California I was like

Latin I was like Latino and then and then I went back to blog and now I'm just like open season Yeah I was brunette on the east coast I went blonde when I got here because it was just the majority When I got here I was like I was never into blondes on the east coast because there wasn't that many there aren't that many on the east coast right People don't really do that over there It's actually funny I was talking to you while I was getting my hair highlighted and um and yeah we were like I was I facetimed you for a second and and I was like I'm getting highlighted and you and then you were like I like you any which way Miss you could go anyway I was like thanks as well as my hair stylist is putting yeah you must have been And my hair stylist was like putting in like the blonde and then I was like yeah that's my cohost Kyle He likes brunettes and he was like wait so what are you telling me I was like hey he was like getting really like like bothered because we spend so much time on this hair The hair thing is a real thing right You're in the salon for how long we both are Like it's like a whole day but not even like black hair for women It's I used to be in this whole uh bus on this bus with taking a long time at the salon because I used to have braids I used to have a mop top of braids We would never ever ever work together I had the I had the the multiple box So like it was like I wanted hanging we gotta see pictures after the show So I wanted like a mop top of braids But here you you always tell me you've learned so much more about Kyle I was a big jean wearing Um I don't even know if I can What was it pa pa pa that that that sounds like Jey Did you No no I totally did with a little baby jean I did my hair I was always wearing skirts and And uh yeah I was always wearing skirts Always Yeah you wear smart skirts than any girl from that hat all the time All the time Skirts dresses You name it I probably still have the braids Had I not gotten punished and that was my punishment to shave my because my parents were looking for some excuse to shave my head You had braids and they were like covering my eyes I had to go like this because they were like it was like here I can I say something do it again Do the shake do the shake do the shake I do the shake I used to just do that just to like see people I used to love doing that It was like a skater thing and you know I know So everyone had like hanging hair my hair You guys have like a very parallel Oh Yeah Yeah Yeah I mean me too It's a pain talking to a girl and I go like this one I'm talking to a girl What you Matthew mcconaughey I I used to know exactly when to do it You know you talk to the girl you like Yeah So anyway I was just thinking wow I don't even know how to like process Can I say something My dad was like I feel like you like this a good look This is the

look that made it to Charlotte critic Have you had the brains You would never have made it because they asked I remember I remember um yeah Selena and Dan asked me um like who would be like my like ideal guy And I was like uh I kind of gave them like an idea of what he looked like And um they're like we got a guy Oh yeah because I was like he can't I was like I don't want and he can't be white I was like straight up I was like he can't be white This is well I wanted to make sure that everyone won Everyone was represented and two like the love interest could not I just didn't want a white boyfriend in Charlotte chronicles that up to this point Are you like are you are you sharing something Shit I be very lovely then you know somebody about No no no It's so funny I actually actually um last night I was with Andy and Kimmy Seltzer at um Vibrato Have you been to Oh it's so so cute Um And I said I got mad at you or not mad at you but like we were leaving together Well we were dancing we have the video right The video of us Could we play that or is it on the ipad Is it on the ipad Is the video of us dancing And I wasn't mad at you I wasn't mad I wasn't mad I wasn't mad I wasn't mad Just just tell the story I wasn't mad I wasn't mad Um this is Vibrato Oh wait no no no no no no that's not We weren't there that night but she is an incredible country singer Yes We're gonna have to take you we'll have to take you downtown Beverly Glen on the top of the near So this is vibrato Um that's our don most and that's me and Kyle Oh wait no this is like yeah look and we're we were dancing and the and um all dressed up and everyone like thought we were together and um at the end um at the end like we started the dance party Um Kyle wasn't really uh wanting to dance but uh he was like he was a great dancer but we look so cute all dressed up like everyone was like super dressed It's so cute Thank you Very swanky um very swanky place It's a super fun swanky place And as we were leaving this woman came up to me and Kyle and she goes your girlfriend is so cute and um Kyle just said thank you And I was like Kyle and then I told Andy about it last night and he was like run with it See what what people say like oh yeah but they were they were hiding stuff like yeah and they also had significant others they were cheating on Oh Yeah Yeah Yeah Yeah Yeah Yeah Yeah Right Yeah Both got fired and now they're living their best life I don't know if I could do like I love you to pieces but I don't know if I could do it every day Like sitting in what if like we've had a fight Well we'll we'll find out ok we'll find out we'll find out I'm just kidding I'm just kidding We'll find out Um I have a deal here Oh yeah Yeah Yeah Yeah Yeah Yeah So that's so I wanted to bring that up I thought that was funny what Andy said last

night Um so yeah we have a new game I've heard this before and I I do Kyle Plans So I run into this issue sometimes in my dating world I was can I say it was one of those people I'm just going to paraphrase it because it's like I'm curious on the real answer here So like what Really You always go how late can a guy be before It's a deal breaker to a date to to the first three dates But did he tell her on your face says he can't be a minute late That's not true How have you been communicating that we're late Yeah Yeah Yeah Communicating another thing we're just showing up No no he's he's texting you 15 minutes prior to when he's supposed to be there How long Um for me um I went on a date and he was 10 minutes 10 minutes It was the first date So it didn't bother me because I already have like my own nerves and stuff going on So it gave me some time to get settled in and whatever So I didn't mind But we're if we're going to 30 minutes I'm leaving 30 or over is done at 20 I got an attitude I I love that It's like ok cool But at 20 to 30 I'm like ok what if he stops and gets a Schwepps on the way after he picked you up 92 seconds you had somewhere you had to be and the guy said no ok I'll let it go The level of pettiness cannot happen No I'm not I'm not I'm not going there I'm not going there I love her Did did you not see what I said in the video Ok Hi Hi Is like I'm so uncomfortable So what is what's the deal breaker then You can't be late or what's the deal for me Um I don't know why why I don't attest and we can't technically men cannot attest timeliness to women because we can't you can to men but you can't to women I and like that's a whole topic We can get we have to get ready It takes a minute You guys just like shower and you're done I was thinking about this though Um Women do take that cake a lot where it's like we spend a lot of time You guys just throw on a shirt and it's like but we do actually spend a lot of time like in the gym or getting our money We don't do that Yeah But I think men do it as well and they probably they might and I said when it comes to the gym I would implore the I think men do the gym time a little bit more Wait wait wait let's take a moment You look like this I go to the gym Uh not as OK Kyle Legit looks like he's airbrushed He took his shirt off the other day Like not the other day He took his shirt off You were so excited to take your shirt off with the acrobat guys And I was like Kyle how often are you in the gym And you're like I mean a genetic thing Yes it's a genetic thing I mean like he looks like say that though because it is Kyle I know black people There are people in my family but you're not you're not the bad person You look look at Kyle Trueblood here First of all so excited that he took off a my dad can't get a look Look look look my dad can't get a six pack if you tried

Look this guy look like what You were a little a little on the like slimmer side there But look at the abs like what Look at this face Kyle Yeah Get a guy Yeah like that's what like that's just that's just like this scary for you It was scary for me to watch I I'm uncomfortable right now What is oh my God this is they were they were on Ellen Um and then they came on here that guy is 100 and £90 Look at me Would that would that hurt that hurt my head I was like get off I was like get off get off I looked at I looked at Kyle I look at Kyle and Kyle was like was like get off or look at me Look at me Look look look look no no they took my heels off Yeah Yeah he told me I had to take my shoes off I was like oh I gotta take my shoes shoes the Jimmy Choo My first my first shoes my very first pair Jason and Nathaniel You don't work out regularly or you do I did until until he realized that he was too perfect No because my dad is like he's the one that's like it doesn't matter how good you are you could be better So when you know this is this is good I'm good He's like no go to the gym be the best you can be Not just because you're good don't just stay good be better So he's you know I have that still in my head So yeah shirts I'm cut but I could be better to the point Women especially in Los Angeles are definitely going to the gym Definitely caring And yeah the time that you take to get ready if someone's late I always feel like well here's my Sephora Bill I just wasted all this makeup but I get the date Can you go That's right Here's my Sephora Bill but you know here's my highlight bill right Ok So I I was dating a girl in 2015 and she was taking a while to get to to show up and my best friends were like at the house already She was 45 minutes late too late you know left her house yet you know No I called her up and she said I'm still doing my makeup I'm so sorry and she was flustered and I didn't get mad but I said to her in like I I thought I was being extremely supportive I was like listen I like you without makeup just like just come over like forget the makeup just come over because I figured it was like our third date I was introducing to my friends and my friends were there It was a little fast to meet friends So I figured she was like kind of you know a little in her head about like how she looks So I was like forget it I like you just how you look I see you And I so I was like I was like you know just like just come how you look II I promise you you look great and she lost it She was like I'm not doing this for you I'm doing it for me and lost it hung up Never saw her again But but every time I say that that story women are like no that's true We do it for us So when it comes back to you wanting a guy to pay for your support a bill I am doing it for but like technically it's for you in front of him Not for him No because I think to be fair a roll out of is still

good But I look like a first date and you meet friends you wanna look nice I don't understand the flipping out though That doesn't really make any sense like there were other issues going on Yeah maybe somebody was on the edge already because we're running late We're flustered But yeah comment wouldn't send me That wouldn't send me either I'm gonna go That's nice but I'm still going to do my face That's good to hear I think that if you're going to be that late at that point it's just it's rude Just let just let them know let them know it's rude 45 minutes Yeah that's impossible You shouldn't be doing it Um Let's pull breaker These are our new game our new cards that we ask questions and we want to know whether or not it's a deal breaker For you Ok here we go Ready Ready You're in the middle of your third date and you're very interested in this person They tell you that they're technically still married but they're separated and planning on divorce papers soon I've been in this situation so interested in what you guys I've been in that situation I've been in this situation So what did you do What did you date it for five years She was like you're mine That's amazing Oh wait is this Jerry Jerry Jerry Jerry sorry sorry sorry sorry sorry Is he watching Sorry Is it Well he knows who he is if you were to see it right I do that I I didn't I didn't give the full name I don't know his full name He can it could be will I don't know Um I I didn't know that I didn't know that Dre has a look at Dre Of course of course she has of course she has a will Let's look at her We dated for five years Oh did you have a Brand I could see him Brandon You're weird No no you're a weird dude Like a Tyler Did you have a Tyler I see A Tyler Yes Yeah Yeah Yeah Yeah You know what we're doing We're picking like the whitest names that we know and we're going with them Oh wow I caught that Yeah I have a I have two blonde best friends Tyler and Brandon So I just went for those names Like maybe there there's Chadwick He's black Yeah Yeah Yeah I did date a Chadwick But anyway what situations for me Um so that was my worst relationship I've ever had Oh that was the that was Sam we could say his name I could say his name I don't have nothing to hide This is he was not he was you know not the best boyfriend And he told me in the first date I'm not the best boyfriend I know that's why I said every first date I need to know what I need to know and then I can go and and prosper always tell you Yes they do They always tell you if you listen So uh so um yeah No I so he was like I'm a terrible boyfriend Um I'm still technically married Um but he was crazy talented and I was like he's a director and I was like oh he fits the bill of like what I wanted to experience I don't know but I'm I'm never doing that again because every person I've met has told me Yeah ss silver platter All I

all I've said to you What about you Um I did date someone Yeah I actually dated her for like six months Wow that's a generous amount of time Yeah Yeah it was 2016 and she she love the years he gets in the years She was getting a divorce members hadn't gotten them yet How much should I invest \$20 on the burger I was getting my God How much did you cost Over six months What an interesting way It wasn't that talk about dating It wasn't it was it was more like a like a cost that she was very like um how should I say like easy in that regard Like she didn't need to be taken out every single time We would just chill She was more about 000 ma'am Um cool Wow Let's read another deal breaker before we have to go and celebrate your birthday Yeah Yeah Yeah Um let's read another deal breaker Kai you've been dating for a while and just agreed to be exclusive Then they tell you they got a nose job and are considering other surgeries My man's getting a nose job I mean he got a nose job that he's ok with his nose Yeah Like he got a nose job and I like it clearly Um nose jobs can be very well done They can change your whole face What do you think What do you think you would have done next What what would you what I think it's kind of like a dealer for me Really Only because with a nose job like again I'm thinking of like genetics and like Children So come out looking like I think they're going to look but if your previous nose maybe show you a photo Oh wait they're saying they talk like this is not my real nose and you know you know it wouldn't bother me Um But for I don't know a guy that's like so intense It was like did you guys hear about that guy who sued his wife because she had all the surgeries I can't remember if it was Korea or China but she had all these surgeries and their kids came out his words not mine ugly Her he had tremendous amounts of work So they showed a previous photo and you it's like a totally different He sued her How can you sue for false advertisement Won't unless he can prove that he asked her if that's a real face and she said yes to his kids came out looking a different way Well Kyle wants Children so badly I feel like that you would be bothered by that too Yeah Yeah Yeah I don't know if I'd be ok with it either if if my guy is like oh by the way my face is totally different I mean I I think the nose job is kind of weird I'm going to say like this is a little sexist comment for a dude to get his nose done I feel like it's kind of it's a double standard is a double standard that gotten me either But I know a lot of men that do Botox and a lot of men that like get waxed and shave blazer and all that which is not I think there's a thing about men being so aware of their that's kind of unattractive to women because we're supposed to be focused on other things I agree with you When a guy is really focused on

certain things like that I gotta go and I'm I'm kind of like what like eyebrows I've never got them tweezed or poked shake They do Right Like I didn't show the look look people ask me like oh so where do you get your eyebrows done I'm like I don't touch my eyebrows I totally thought you got a little something Just a little like a little Right No Yeah Yeah Yeah Yeah Honestly like I I was I I remember like when I was younger I was like I'm definitely gonna have a unit because like they're so strong like it's just so strong Thank God But but tell me they got money I'm like oh no because it looks too It is not it is not attractive to me and I'm like it's something about it's feminine my opinion But I know some women really are that look but even women they're surgerized and God bless them Like the BBL and the BBL is in the butt right Yeah Some men are super into that look But like to the end of the world like if you're touching your woman and everything like yeah like like but some men like that So you did date a girl right Some of my men out there like listen the look is one thing the feel like I think men that want that haven't had it and haven't touched it yet I don't know I haven't touched it yet I haven't touched it yet You know what We don't know what Kyle is touching today but we wish him a very a very happy birthday Happy birthday Thank you for being our very special guest today Can you plug away where people can see your podcast and all that great stuff and youtube the Token and the truth and make sure to check it out you guys every Tuesday 6 p.m. PST Hey happy birthday Kyle We love you so much I hope you have the best year ahead and a great day We're going to party with you Um Let's play a little bit of true blood playing out Let's play out like a a chance in love with great scarce and in the
