normal Let's see how much we love Eli never cheated was trying to link her and Alfie together Gabriel doesn't like what does he if Alfie mans up a little bit more Remember the last time Alfie this is the second time he left Alfie asked her if they had ever had like a thing and she said we had one night together This woman is I effing Gabriel every time I like Alie and her a lot Pretty music behind every time Emily and Gabriel are in the same setting I feel like Alfie is the right choice Gabriel Gabriel Gabriel It's like Emily has an issue You can't tell anyone the truth how much she loves them hates them or sick of them Tell me one time she tells the truth tell the truth the truth She help her God for them They need to leave let them leave He's Alfie Apparently that's how much we love Emily in Paris here in the studio we love it so much that I have changed my wardrobe up dramatically This is my phone case that you too can get on Amazon Isn't it incredible It's pretty cool It's really cool And then um let me just do this So we don't feel like I start to go like PG 13 a little rated R anyway Um But what I love about what I love about us and this show is that we are um we're really in tune with pop culture and um we love telling stories and love watching stories and I love that you're down to check out a show that I enjoy so much you know I um I'll check out anything I'm I look like I only like Arnold Schwarzenegger movies but I appreciate any movie that is what it's supposed to be Yeah like I look at a movie and I'm like ok this is what they're going for and then I want to see if they actually accomplish that So I'll watch like anything and Emily and Paris literally uh they surpass their expectations Uh I'm looking at it I'm like ok I'm cute fancy fun fun It's kind of more than that There's there's there's value in that show value in the show Yeah it's not just the superficial and surface level but so for the guys with the fashion with the guys are you into it Like you really like the fashion for the dude That's the thing That's the thing I ask you a question I just like jump to it These suits are fantastic I can't see what that says Um These suits are fantastic Um Yeah and I I was at a party at my agents uh my agent's party and for a guy and he was completely this is Christmas and he was um you weren't even here Yes I was they weren't I was you were not here Oh I had COVID Yeah you weren't you weren't here I think you went home I didn't go home This is like New Year's like I didn't go home whatever it doesn't matter I even messaged you and said I'm dying Can you like bring me something Point is wow While you were at a party I was recovering from co correct She was alive We all know it She was texting and very active on Instagram now Point was I met a guy at the party He was uh Irish guy but like but like dressed yeah Michelle loves her Irishman Like I'm

talking like I don't know about that but like dress like to impress and I was like bro like the styles on Mac She was like well I spent some time in Japan apparently in Japan Women's fashion and men's fashion is even I remember you telling me this but that's the only country that does that everywhere else is sexist Well no because Alfie looks so good in Paris looks fantastic I have told Kyle I was like Kyle you gotta get a suit like Alfie I kid you not Like what level you up Those are those gotta be or something \$1,502,000 suits They gotta be like I have two canal They hand me down So you have to share that part for my dad 00 I don't know why I just said like that Your dad's a good look at me Oh it's coming back A crush on my dad We'll see how that goes I don't have a crush on your dad I have an emotional connection to your dad Many people have a crush on my dad's side I don't have a crush on your dad That's weird Don't have crushes on dad's let's split up I wouldn't you wouldn't be the first wouldn't it be weird if I was like I was like I have a crush on your dad I've had girlfriends have crush on my dad I had girlfriends moms have crush on my dad I had a girlfriend and my mom both have a crush on dad He's just so calm and nice but that's not really what to say really That man's meaner than me Oh Sammy did Sammy have a crush on your dad Uh Sammy Sammy love her Her and my dad were like my dad thought of her like a daughter like that was I met a Sammy yesterday Did you meet Sammy yesterday Oh that's right You guys went out yesterday How did that go Went Great Went real great days of our studio places Lives Did you meet like some like hopeless romantic Oh well how to tell that story Oh yes Good memory Ok So um I messaged Kai last night and said we met this incredible guy and this is all about love right I literally walk and move from a place of love When I get dressed in the morning It's coming from love when I'm like eating It's coming from love Yeah OK I love love Um And uh last night after uh a little bit of brainstorming session we got some food because Andy doesn't eat but I do I said I'm hungry I need to eat something because I was in the studio all day yesterday and I had like almonds and I was just like I gotta like put something more in my system Yeah Yeah Yeah Um So we had this really great place called the Hideaway um which is this really super super cute place um in Beverly Hills It looks like a Mexican It's so beautiful and there are little teeny tiny buttons where you can press I'll get to this in a moment press the button and Tequila is brought to your table Oh Kyle we're going there for your birthday Happy early birthday Although although I'm gonna put like although I'm gonna like check the things that you can order and not order I can't get the bra You know that'd be crazy I mean I ordered I

ordered something and I was like uh and put this with me So I don't feel guilty Was it expensive It was not inexpensive You bring out you got to watch yourself She thinks the prices of the calorie counts and she'll order whatever she pleases a \$200 steak right to the table No I didn't do that I didn't do Kyle I took \$200 Thank God you only didn't do it because of me I was like Michelle you can't order that She's like you want one also I'm gonna get one You want one too I'm like and he's gonna have to sell his Tesla to pay for this this dinner What are we doing here Michelle That's not the calorie count I didn't see the price three digit price I just I just ordered I didn't order it And then I was so then I was like wait wait wait let me see what everyone else is getting on getting at the table And I was like what's Andy getting there Like soup I was like oh my God change my order immediately order like order like some porridge and bread And Michelle's over here ordering the skirt steak I can't skirt the New York strip with maybe maybe some glazed shrimp on top with the garlic aioli please Thank you Appreciate it Well I'm embarrassed but it's the truth when it comes to food I don't see prices I don't it's a bad thing how convenient it hasn't worked on dates before I worked I worked at one prices I know it didn't work on ours I don't even see the meal Let's put it that way I'm the very opposite I don't even see what they're selling I'm just looking at prices just numbers I'm ordering numbers looking at the date that's for sure Yeah No no no I'll take the \$45 Uh entree sir Thanks Appreciate it Don't have to tell me what the specials are Whatever's \$45 I'll take that Appreciate it Bye Anyway Uh let's put that book back up here Uh It's called the Power of Regrets Um So this is how the story started I was sitting next to Andy Waldman um at the at the bar um ordering uh Andy Waldman Andrew Waldman which is the name of my brother's name is Andrew which is give his full name out Oh well you know you know this is the man behind them magic We know this Yes Um And so I'm sitting with the powers that will be and um we're just laughing and talking about like the show and like uh all this great stuff and my brain like his like moves super super fast Um And we just came from a meeting with um a really wonderful uh woman Miss she Denmark who is the skin sculptress Um And then after that we go to the the hideaway um which is like super like hush it's like a hush hush but it's not just speak speak easy I guess it's kind of speakeasy I anyway so you're sitting there and like look over to the left The guy is holding this book and it's like got this like it's it's beautiful It's the power of what is it his book I'll tell you this guy's name is Joe Hi Joe if you're watching Hi Hi Hi Um Joe had the book in his hand and Andy was

like look at the book and I was like oh yeah And then um the question started as one does Um And uh Joe uh holding the book I was like it's a good read and he was like so far so good I was like do you have any regrets And he's like well you went right for it And I uh I said really Yeah And then Andy goes she's a talk show host This is what she does She talks a lot And um and he like didn't answer right away and then he flipped the question on me Do you have any regrets And I said I do not have any regrets in my life No 00 regrets And then he goes he tied up No Uh no that's not I I believe every single moment and every joke by the way Oh Yeah Yeah If you're not getting any of these inside jokes make sure you hit that follow button follow follow follow Um And so I told him every action has led to this exact moment to this interaction And he was like oh you're good And I was like well it's true And then I said um he was like there wasn't a relationship that like you wish worked out and I was like that's not regret Like I was like the regret is when you don't do everything you feel like you should and it like ends and you feel bad and then he starts to like make a face And I was like oh and he was like oh that's good And I was like well yeah I mean like I you know like I tried to make something work that wasn't supposed to work and you know I let it go Then he goes I go Do you have any regrets And he goes I regret divorcing my wife and I was like divorcing Wait so you're still in it You're still you're still in this process And he goes yeah And I was like get out end it And then he said he took her to a coffee shop to try to repair things Coffee shop Three Children Joe of course you wouldn't go to the coffee shop coffee shop Yes Listen to Kyle who would go to a coffee shop Well I said the coffee shop we don't know that we're going to get Joe on the show because it's an incredible story But like listen to this on the show we're going to get Joe on the show I like that Joe on the show But I think is so he told me and this is something you should digest They had Children The minute they had Children the relationship ceased to kind of exist I understand It's not a it's not 100% failure rate when you have Children It's not like she's like you have kids you forget your wife but a a thing I do I do believe that like parents out there that love their kids and still love their wives Yeah But like you're gonna be such a great dad but I want you to be a great a great husband because you know once the women women women that I was just gonna be a good mother Yeah Mine oh my girls of course a great mother That's the criteria But sometimes I feel like you said she's a great mom She's not a great mom anymore We don't know that I think she's an excellent mom Was she a good wife Well I don't know We're gonna have to get Joe on Yeah he said yes And

then he showed us a photo of the two of them and they were so cute and I was like then you know what he said to me He said have you ever believed that the universe places you in in people's lives for a reason I was like do you know who you're talking to I said I totally your head probably popped off I was like I kept looking at Andy and I was like Joe and I got so excited We gotta get him in the room with Kimmy Seltzer Maybe Oh yeah Yeah Yeah Yeah Yeah maybe Uh who else who else who else you a little touch of you Jo I've never been married Yeah And I talk like I know what I'm talking about I don't think you really want to hear anything from me Um I'm very opinionated You are very opinionated Um for somebody that's never been married But uh maybe you were in the past like I've been calling Kyle my bubby You're right He's my Jewish grandmother Because he always like if he checks in and texts me like did you eat Like are you good Are you are you safe Like like I'm fine It's this one just walking around like it's like you know make believe land and clueless or or like or something like that I don't walk around like it's make believe land I walk around as if like I I you know what you get what you expect Kyle let's just put that out there You get what you expect If you expect there's gonna be a lot of like crazy There's gonna be crazy That was attacked on the street by a homeless person or by a crazy person was was definitely expecting it They were getting what they expected They walked out that day You have the things that happened and they got no But listen I love my dad to pieces But my dad when he called me and told me what he said remember that one day where he called me He said he wasn't feeling well and he kept saying like he thought he was dying I was like you're not dying and then he fell over in the parking lot Sometimes I feel like you gotta be careful with your words You're right Anyway I love my dad and dad I love you to the moon actually feeling that way when he said that Yeah Yeah Yeah Yeah Well thankfully my dad thankfully my dad is healthy and well And um and I'm so grateful for him because he's the greatest father I could have ever asked for and is making it very challenging to date anyone Because if it's not like my dad the way my dad loves me then I'm not into it But you know that's interesting that you're looking for someone to date the way your father treated his daughter But you also state that husband and wives should love each other separately from the kids which is technically a contradiction because you're looking at love from father to daughter when you're really tired to see love from husband to wife No no no no no Yes Which is what you see where you're coming from But no what I'm trying to say is like the love my dad has has and had for me as a daughter is the first

male interaction I have So that is the blueprint of what you're explaining Something to me that like I get you know I'm just trying to like reiterate I'm trying I'm trying to get to like the relationships between the husband and the wife So before me and my brother came into the picture like things were perfect perfect between you and your dad and your mom Yeah perfect No What do you mean you weren't in the relationship Jeanie Jeanie You wanna come visit Kyle in a dream again No it was perfect for them Like it's perfect Like nothing's perfect but it was perfect for them Um And then you know my mom was stuck with us stuck with us literally all day every day until we could go to school She didn't work well She worked out of the house She was a clinical psychologist But like when you're little itty bitty where your dad my dad went to work every day What But so like and Michelle Obama said this when you have really really young Children if you don't already like establish how this is going to work out you're gonna get really mad at each other and like things are gonna go really sour really fast And Michelle Obama said she was unhappy for 10 years in her marriage 10 years But anyway they stay married and it all worked out say love you But um but what I my best friend and I were talking about this last night too about like I think women um you know there's a lot of pressure to like you want to take care of the Children you want to be with them But you also want to have a life like you want to go out to work Like the only way I'm gonna like do the kid thing is if like one somebody else can have it for me and two I can have like a nanny What No good super maternal No To help You need help You don't need help Yes you do there are plenty of mothers out there doing without a nanny Michelle I know But like they're not working jobs that like yes they are without with the wait without help Yes So how are they able to go leave the house if they don't have a mom I was a single mother with her own clinical practice of psychology I'm not a clinical psychologist Yeah But I'm not a clinical psychologist I can't stay at home Well she didn't stay at home She brought me with her I don't think you I can't bring Children to a studio What you can do whatever you want Listen Yes you can do whatever you want Um but you know what times they are what's the song Times They are a change and yeah you're gonna be would would you ever be a stay at home dad Yeah That's awesome That's so cute Who would say no So if your wife was like the breadwinner or like why not from home Why can't she be a breadwinner She can I doubt she will What if she's like in the entertainment industry And she's making like \$20 million Great Amazing And she's like she's not home all the time School No no no problem I'm just I like I like I

like you know drilling I just don't I just don't see the issue It's like I'm left at home with the kids all day Ok Well the other person's probably earning the house for you to stay in while you complain you know maybe count your blessings Oh my God My life is so horrible I'm so bored These beds are so comfortable I can't get up in time It's like life could be worse Wow This is definitely took a turn for the worst You know what could be worse Drew Barrymore Um oh wait we got it We got the street cam Uh this is our lovely uh area you know don't zoom in too close because you don't want anyone knowing exactly where we are We show them exactly where we are Angie because because uh yeah see like you know stalkers out there disregard Checker We don't know he could be out there Um the coming to coming to the shot of the video Yeah but I like the street cam That's cool I mean we have Dre on the streets No that sounds terrible on the streets I love Dre Um I think she's still in in but anyway um what could be worse is you too could be put in a glass cage like uh Drew Barry Moore She got uh locked in a glass cage as she's surprised by you Star Pen uh bag bag badly badly First of all he looks so much better with a beard Ladies beards are written You think he looks better with a beard Yes because he kind of looked girly without the beard Yeah I don't do girly Girly Yeah too effeminate for me He like had too much of like a like a yeah he's too pretty That's that's funny you say that I dated a girl in 2016 who was like she's like I like pretty guys I was like can you can you just like line up your beard and like shave it And I was like a lot of asks She's not me Um yeah I I like the beard on him I did appreciate the clean look also I think they both look good no matter what you I thought we were talking about If I shave this beard I'm gonna look 23 years old Can we Yeah I know I saw it the other day and I was like uh I feel uncomfortable Agent asked me to shave it No that's awesome You looked great Um can we show what it looks like to be stuck in a cage This is what it looks like she did it on her show They rebuilt it for her show I would not be ok with this I would not be ok with this I know it's just for the show But like what's that would be me though I don't I'm not So wait did they play like a magic trick on her or something How did she end up in the box No they just uh they you know they did it for the show Oh and then here he comes Here comes Ben Did she know he was coming on today No I don't think she did I don't think she did Uh listen she's a fan of the show too and Kyle just checked out you the first season as well as as me Um which is really cool I really appreciate you doing your homework It's like I know we're going to talk about this stuff It's gonna be a um yeah you you your team player Oh gosh she's reenacting

Look look look look look do we have volume Is there a volume on this Shout out to though He he's he can't we don't have the Yeah But anyway so like that's I mean like could you be drinking a cup of coffee in there I would be freaking the f out Have you seen this show Andy You gotta check out you It is so well done Um And part of like the research of what I was doing over the weekend was to see like why certain shows are successful And um I think it's because they stick they make your brain like sticky And then Andy sent me this like talk about being sticky and I was like oh I'm so in alignment I don't even know what to do In fact what happened to our uh American flag We need this back up there because uh Ryan and Kelly have the American flag on there every day every day every day We're hustle in Do do do do No Is it just me Just me Yeah Yeah Yeah but you know what To have an American flag The no we gonna have a black panther shop I guess So Is it still it's still listen it's a big month Look February is the shortest month of all the months Let's be real Like can we be real by two by two days Um But yeah are you not proud to be an American Ok cool Um listen our buddy or uh you too can get a signed autographed copy of or I'm sorry it's I keep on to say because it's like but it's yeah yeah yeah you too can get an autograph copy with or um I believe like I believe um you can go to Barnes and Noble Amazon and then call him because he'll you know go to the accidental gangster on Instagram and tiktok and I'm sure he'll be happy to give you the price of how much it is to be Uh get a signed autograph with him He has a really good a really cool original gangster outlook on things he does Um and you know another really cool outlook is this is so cute Um Paul Rudd's son thought he worked at the movie theater Is that not the cutest thing Um my son who was about four or five went to the movie theater to see a movie with his friends There was a movie poster that I was on So they all just thought that I worked at the movie theater which I thought was very cute Isn't that cute for 35 years No I know But so his son actually when he was a little guy thought his dad worked at the movie theater Not was in the movies Isn't that so sweet Oh man I kind of dropped something Huh Isn't that part of the show Um and then Alec Baldwin he did get uh did get his uh sentencing Uh I guess they put him in prison Yes So I was right I was right He was he did receive it I was right And I was right I was right You can Google it He's not going anyway this um so his charge dropped in Russ shooting case and uh faces reduced prison sentence He's gonna have to do a little community service All right Well anyway that that's where we're at I mean it's not like come on it's ridiculously tragic but honest mistake Well so they lessened the

sentence to 18 months rather than five years and is scheduled to make his initial court Thank you Initial court appearance this week He's not been formally convicted which I need to clarify But uh we're staying up to date on this story because we too are in the entertainment industry I mean let's talk about it before we move on Let's talk about it Uh or as I like to say on youtube let's get into it Um you wanna get into it You say this on youtube Yeah There are little um episodes and it says let's get into it Ok I need to like also hire an assistant to help me 19 shows I can't keep up I mean you're in all of them But so anyway I'm in all of them Yeah you're not in Michigan on the street you had in one episode of Michi on the street I didn't even know I was Yeah I'll see you on the other shows Whichever they are No there are what it's what it's it's a good day live Oh it was a good day live You you start a lot of shows you like you you know one day we're doing you know some other show and I'm just like looks good looks good Ok Stay at home dad That's great So I'm gonna start the Rumor Kyle and I are dating so more people can watch You think more people will watch or not Maybe maybe I think it's the the anticipation is probably more exciting than the actual happening Yeah Yeah Yeah Are they aren't they I like that It's like Ross and Rachel because we talked about this because they have really great art on screen chemistry And my boyfriend at the time was like what's going on there I was like nothing What do you mean We will come to the same address and do a job But if you think about in friends Ross and Rachel spend most of the time like 99% of the time apart Are you trying to clarify that That's why we shouldn't I think it's better for for show biz if we just stay like apart Yeah you're mean am I you don't want to invite me It's better for whatever Um uh and then uh more entertainment stuff The brat and wife Judy are expecting their first child together and she didn't think it was in the cards for her Isn't that sweet It's gonna have a kid Isn't that sweet I love it She's 48 Isn't that sweet Pregnant at 48 That's awesome Wow You just never know That's awesome Yeah I think it's great They love you I mean it's a new day I mean our friend uh what's her name Why am I blanking on her Tamron Hall had her baby at 48 Yeah So ok Is it just that like uh overall health is just better So that now well I also think you know I'm a very big believer in this If you're not with the right partner why would you want to have a child with that person Like in the eighties you couldn't have a kid pass like 21 Well I also think like he like health and wellness Like you know my um chronological age is 12 years younger than my my no no I'm sorry My biological age is 12 years younger than my chronological age It's great That's because of what I

yesterday Yeah yesterday So funny how the days like just like blend into each other I said the best way is to have a good morning one go to Club Pilates in Little Tokyo and it I took took a picture of my Arabesque socks and then two grab a drink from coffee bean and then three tune into Good Day Live My three favorite things Speaking of which why are we on your page and on Good Day Live stage Oh because I uh well no it is It is Good Day Live We're on Good Day Lives page But I went to it's look look it sent for me Oh got you Yeah see says apparently I was active an hour ago That's not right That makes sense I wasn't though It's weird Instagram does that It will say like how you were active This happened to you too I was like hey you're on you I pulled like a psycho like friend move on you I was like Kyle it says you're active on Instagram and you're not responding to my text messages Don't do that Like I haven't picked up my phone in hours But yeah Um anyway uh there's more stuff this guy can he ever be notified for anything other than like who he's dating Yeah like why Um uh this is uh an actress that he worked on a film with I mean they're taking their romance to the the Fast and Furious at the NASCAR Cup series 65th annual Daytona 500 Who cares I love the guy But do we really like why why is he confident enough to follow five girlfriends that he dates Well I think it's just because he has I mean these girls are just like they get prettier and prettier but like you know what we don't need It's it's not there's a ton of guys out there dating pretty girls Pete Davidson Like really great comedy kind of fits with the Kardashians where it's like I don't know if the talent is matching how much we talk about this person Yeah I don't think so either but you know America wants to see you the way they want to see you Let's get back to what happened with Ariana de apparently the baftas are supporting her as they should First of all you gave this girl you know a thing to do I don't know if she chose to do this but she did a thing and I don't know why there was no there wasn't more support you know it doesn't look that bad it doesn't look that bad without sound it still looks pretty bad but cringe kind of you know I'm not a big person on comments but let's look at some of these comments Um OK this is cute I think I think it's awesome She did a rap that mentioned a lot of different women There's always a cheesy musical number and award shows It's meant to entertain People need to loosen up Yes they do loosen up She wasn't going for a grammy Here we go Not sure what the criticism not sure what the criticism is Read the article it says people were criticizing it but didn't say what the criticism was She did sound like she was out of breath But besides that you know like hands up Like I don't know Here you go

Actually I thought it's kind of refreshing and beautifully empowering It's something new Um I think this is awesome Like you know um if Jamie Lee we've been celebrating women for 15 years straight it's not a problem for you No she's like it's new like celebrating for negative comment when she's like well I think back in 2010 is when we really started concentrating on celebrating women and it's not a new thing Ok Well it should be all day every day Yeah that's the obvious statement But the point is that it's not a new thing Ok It's not it's not a new thing We can't we can't treat the world like we just started paying attention to women We are supportive of women America has been behind its women for like at least a decade That's it We've been we've been in country since 17 76 right How long have you in a country 17 76 76 Yeah But for the past 10 years we've been celebrating women It's just not new That's all I'm saying I'm just saying it's like oh it's refreshing It's like what was last year We were just all men Like come on if Jamie Lee Curtis was feeling it that's enough for me says one user Yeah I just wanted to I wanted to at some point start feeling like it's part of tradition and not like Oh we're like this big bad country that has never celebrated women We're not a big country Yeah But we're not a big country as far as like racism and sexism goes I feel like we're you know country is moving in the right direction I agree Um Kelly and Ryan Uh this is cool Um they did a paid partnership with bio which I would love to do here on the show Um I'm sorry Bio Oil and what I loved is they did this segment on the show and then they posted on their Instagram and talked about it What's that Right Yeah Look Bio Oil Look at that right Live with Kelly and Ryan Look they they are doing influencer stuff Never heard of a worst name for a country but company by the way Yeah Look at that Why do they why do they do this Do you think Well because they're also competing with a lot of influencers you know and they're a mega talk show man Looking forward Yeah Bio Bio Oil apparently Yeah it is a great name for um also Alison Hoer's uh daughter shares a message after Stephen Twitch boss's death Um So this is Alison's first child Um And look this guy is a big child Well she's 15 um great hair though Speaking of hair Yeah that's her first kid I believe that's her first child Um but she honors her uh her her step dad Um and Lincoln or no adopted dad So her dad dad Yeah Wow that's awesome That's awesome Yeah they almost look like she almost looks like that Is his daughter doesn't it Oh ok Look almost looks like it is his daughter Right It's bio oil can be Never mind All right we're gonna go to bio oil See if they want to um represent good day live bio oil Nothing says you're doing it for the people like representing bio

do a deal breaker we do a deal breaker right Deal breaker You know I like deal breaker because uh it makes me seem adamant about things you know Yeah like Sally like she's pretty adamant She's like that won't work This will work you know Yeah Sally asked me if I uh secretly loved you when you stepped out and I was like yeah of course I love Kyle She's like but then she goes like this do you love it She did a aa double kiss if someone uses a toothpick Is that a deal breaker while we're talking Yeah Like we're dating Wait how long are we dating Yeah But well hold up I actually asked for a toothpick at the grill the other day on Valentine's day when I had something in my teeth I was not talking with it in my mouth but I did ask for one What do you have Oh I had a steak salad pretty good and I don't usually eat steak very often so you know that I want that all the time No Kyle I've had steak Like I can count like a handful on my hand for the time that I started the show Yeah I probably had steak five times since we started this show You agree with that statement You don't ok whatever You've been on a few dates and you really like the person when you notice that your partner has freakishly huge hands This conversation I'm sure like for a man for a woman who has huge hands which we just found out Kendall Jenner has like amazing huge hands Um you know what it is I think that um whatever looks small or big in their hands is what guys are really going after Wow we really went for it God really bigger You know what I've been on the show We're going on like over 150 episodes I've tried my best to stay PG 13 This is me still trying my best to stay PG 13 I appreciate it Um You can see Tim Story live but it's invite only It's your sixth date and you have never been so excited about a person They tell you travel is their top priority and they plan on living in an inexpensive apartment their whole life in order to save money for vacation So inexpensive apartment That's weird to save money for vacation It depends on if it's a woman or a man saying this why it doesn't doesn't No So if a woman says I'm just gonna stay in a in a inexpensive apartment so I can travel all day Does that affect the man's life Does it Does it you're the man I'm not it doesn't it doesn't why not really Because no one's counting on what the woman to do providing shelter Really Really I'm sorry We're in 2023 That's one of the things that that's one of the things that men pride themselves on providing shelter We love providing shelter Not that a woman can't do it No one said women can't do it I'm saying that men like to be the one that when you buy a house with your spouse you cosign the ones just sign the entire thing over to their wives which is I think pretty beneficial So when if things go bad you stay in the same house or she just takes the house

she's probably gonna take the house Yeah Where do you go Good Luck paying for the property value after he leaves But she got a bills are pretty high also Well your eyes like and batting you're like good luck But again what if she was the breadwinner That's it Then I'm sure she's not gonna stay in an expensive house Let's go Uh next one you are to spend holidays with your partner's family for the first time your partner suggests you lose £10 before meeting the family Good bye What That's so unhealthy How fat are you I'm sorry I'm about to gain £10 right You and your partner are recently engaged when your partner insists you work in their family business Once you are married I've had that happen to me and um no deal breaker Well I feel like I don't know how it is for women but like I think a lot of uh or you know the other side of the coin but I think a lot of women necessarily find me and some men attractive based on like how our merits work and our finances and work Yeah Um finances uh having having money is not a deal breaker is always a good thing I got to give a special shout out to my buddies at Smart Water but my camera is not on Shout out to everybody It smart water Thank you so much for hydrating me and keeping me smart for the show Thank you Thank you OK I'm back to the program What is it Ok This is this sits home the first time you go on a trip with your significant other They wet the bed and cannot be more embarrassed Oh that's wait is that an ongoing occurrence or is that just like an accident It happens once just once I'm cool with it Wait do I get what That's great That's a question That's a big question I'm guessing I'm guessing you do I'm gonna let you guys in on a little secret Oh no And actually you might have to break a commercial because this is making me have to go to the bathroom What do you what do you have to say until eight years old I struggled with that It is a very old year to like because I would just stay asleep I just wouldn't like it wouldn't wake me up Oh no let's not talk about the yeah I do I mean me and the me and the public can talk about my my struggles while you go talk about your struggles I wanna know everything Um well like sleepovers for instance like your friends would invite you to sleepovers in first grade and kindergarten and second grade And your parents were like Kyle Do you wanna go I'm like yeah Yeah You know I I miss my friends Uh wait Michelle Wait you're still tired Yeah I know Oh yeah Um and I would chance it I would chance it I would just say you know what let's see what happens Countless couches I've ruined the next one Ok you're having a good time on your first date Your date is already calling you baby huh Your dates already calling you baby I'm ok with it If I'm into her then I'm like oh wow we're moving fast That's great

But if I'm like still iffy about it and she starts calling me baby it's gonna make me run immediately because that's like codependence within two hours of meeting the person and that's just not gonna fly Now is it I want to know how you guys feel on the interactive chat by the way on this one next after dating for four months your partner confesses that two months ago they had a dinner with an ex during a business trip They never told you because they thought it would upset you They had a dinner with an ex during a business trip How do you feel about that one I feel like it gets deeper than that It's like why are you telling me just about the dinner Did anything else happen Why did you why did you hold back from me If nothing happened You didn't want to upset me now I'm upset What are we gonna do now Ok I don't know I don't know My toxicity is bubbling up I don't I don't know if I would actually keep that one I would I'd probably say uh we're gonna have to dig deeper on that one How would you how would you deal with that if you were on a vacation And someone told you that they went to a dinner with their ex two months ago but they didn't tell you because it would upset you Would that would that even matter would that even matter I don't know I don't know I'm I'm kind of curious on like why they kept it a secret What was the secret if you um you're on your oh wait I I dropped it Here you go After dating for four months Your partner confesses that two months ago they had a dinner with an ex during a business trip They never told you because they thought it would upset you That's bad if they ok if if they knew that like you were continually talking to your ex like wait I'm confused Is it a deal breaker If the person you're dating for four months tells you two months ago they saw their ex at a dinner they had a dinner with their ex but didn't tell you because they figured you would get upset Oh they haven't had for me They haven't had one since I don't think it's a deal breaker for me because and I'll tell you why if I trust the person I'm in a relationship with and like you know that's the thing Like but if they've been like shady about some other stuff then Yeah it's a deal breaker Well like why are they keeping it from me Is there like why are you keeping from me Well there are excuses They didn't want to upset you And my thing was like well now I'm upset like now I'm upset delay the feeling you didn't stop it you know Yeah No for me that's a I think it's a little bit of a deal breaker only because um why Yeah like I'm a big I listen I'm I tell everyone everything That's partially why I do this job is because I have a big mouth Um So like every time like I've spoken to like a person I'm always just like bla bla bla bla bla I tell everyone my dad's like why do you do that Like I went over you're on your fifth date Things are going great except they

tell you they are highly allergic to the sun and they really cannot go out on it

You met your new friend via an online dating site and have been dating for
two months on a lark You check their profile and it still shows a single and
active as they single and active They did it last week Oh no I think I still not
that I'm dating anyone in the moment but I think I still have dating apps I
don't even know that I'm on because I've only used them like once that
happens they're just apps They sit there you know what I mean It would be a
problem if they were like actually oh here's a question your question really
into you Like I'm like what do you what is it time for someone to be like Ok
you have to delete all your dating apps Like I don't think I don't we've had
this conversation Yeah You and I have had this conversation as friends Yes
Um and I would never expect the person I'm dating to delete any apps
because as long as I trust this person ok if I didn't trust the person I shouldn't
be with them in the first place It's true Um Listen you can have as many
dating apps as you want Are you what are you doing with them Like exactly
Like if I'm on all these dating apps I still don't know I'm on these dating apps
which I've been on like I been on Facebook Dating Dating Yeah that's why I
got like remember how you were like you have so many messages on
Facebook Like I think that's through Facebook from dating Yeah I'm like I
don't even know what these are like to be honest Um You're like there are a
lot of guys on there I was like are there I'm like Michelle you're like a lot of
guys on there No I went on one Facebook date I think after you or before
you in like 2021 and it was the I'm sorry not good It wasn't not good It just
wasn't right for me He's actually he seems like a lovely human to be fair to
whoever that was She she hated my date also So I can hear I know see you
can become best friends with someone that you go on a date with I will say
like technically I think it does well to just drop all those red flags Hey I'm
this I'm that I do this wrong I do that wrong and then my red flag to you Um
oh me like trying to get air Yeah like like you have this like I was like too hot
I can't sit next to this distortion of like like expectation or reality in some

sense where you're just like I can't do this I'm like why are you here If you can't do that It doesn't make sense The logic is not there But you know you can't apply logic to everything to people's plans Everyone has their own thing to go Yeah I actually read something recently where it's like you meet someone and then sometimes they serendipitously come back into your life for another reason Come on Come on You know Ok All right Deal breaker Deal breaker Your best friend sets you up with the most amazing person on the date you learn they are committed to being a virgin until marriage Love it Wait wait wait wait I missed the whole thing You're dating someone that you've been uh connected with through your best friend However you find out on the date you have got to get that coffee away from the computer You find out on the date They are staying a virgin until marriage How do we feel as a woman I want to stay a virgin Don't feel See hold on hold on hold on Don't give us no no no no I'm not I'm not giving a cookie Let me let me explain Uh I will say I don't think uh that is uh wait I'm not don't shake your head at me I'm telling you how I feel you face it's everything you don't have to say a word So what I think is um it would be a deal breaker for me and I'll tell you why because I do think that that is a big aspect of a relationship Um especially if you're gonna get married If you don't at least do it a couple times Test out the waters Yes Yes Then we don't know if it's really compatible question I do actually want to bring up I can bring that up Well you can we know we have we have a friend who is she's 35 and we love Sonali She's she's actually probably going to get on a show Um and she is she is very uh very open about this She is a virgin and she is waiting for her person to to seal the deal with Now I don't know if she's waiting until marriage I think she might be waiting till the ring that I'm not quite sure about And that I don't mind so much because it's not like she's not gonna do anything else just catching the Catch 22 right now and she posted the other day So and I I'm sure she's gonna appreciate it bringing up her Um she posted the other day Um she thought she met the one and this is heartbreaking work out but she's she's posting she's very outspoken about this stuff So it's not like we're just like you know blowing herself This is on Facebook It's on Instagram She's she's been on hall talking about it So we're not like uh revealing anyone's secret information No no we don't do that here But I just wonder like how does she get to that next you know stage with that Catch 22 I listen I don't know Like I think I I told you this story that I was gonna wait till marriage and really really I was gonna I was gonna that's the best moment huh What other side with the chair 000000 again we are a four

Listen I I'm not a very I'm a very uh reserved traditional woman Um I do believe that that is a sacred act in my opinion and it should be between you and your loved one not you and like 100 loved ones But that's the thing like I but that's a judgment That's my judgment That's how I am Like I'm more reserved This guy over here is like trying to count his number And are you counting your number in your head right now You were were you really Um we're so young and yang I mean like for me like when I watched sex in the city I remember like just having this epiphany I was like what if I don't get married Because so many people are choosing not to get married and all that stuff So like that spoke to me and especially oh now it says one did he leave Three plus four plus one Maybe I should go on uh on on Amazon to see how many viewers we have at the moment Um it's hilarious anyway it's not about the viewers it's about the content We're all about content creation here on on Good Day Live Um and if you don't want to watch then don't watch I mean the statistics speak for themselves at the end of the day Yeah The statistics between two and 6000 people pass through Yeah Yeah Yeah Yeah And we are appealing to shoppers not viewers Right So take it easy Both both both both both but most people are shopping Most people are looking for items to shop for Yeah Um maybe we should start selling things again Like the carousel Maybe get some people uh shopping with us again Yeah We used to love to shop with us I mean if you miss if you miss our shopping aspect feel free We are reachable Hit the interactive chat email We'll take it into account for sure Yeah Yeah for sure For sure For sure for sure for sure Yeah You wanna pop on or love our love our street cam Um this is a friend checking out the show Uh hello friend Um not I need so I'm walking by you know I love our street cam It's really fun here in Los Angeles California Let us know where you're tuning in from You got the chat If you're number three we will take your call for 9 99 a minute K will tell you about some of his past stories for 9 99 for 9 99 A minute Up to three again Oh my God Well Amazon customer that's three plus four plus one plus three You gotta keep up Yeah You know if you don't know the analytics of Amazon live don't don't none of the viewers on the left are a true testament of the view account Not even a thing It's a thing It's a relaxed settle down Remember that one was coming after him No he just said he can count I I like that He can count You know what And like yeah and anonymous followed us You know I like that He can count That's the thing If you can count can he count or did he just get shown a number Like oh no I think he's shown that he saw the number He was like three but I think he was also like wait why only three should be 3000 But it

is guess what it is at the end of the day it is at the end of the day at the end of the day it is ok You you and your partner are getting serious and you go over to their house for the first time when it's time for them to get dressed to go out You notice they picked their outfit from a pile of previously worn clothes on the floor No So gross Kyle you I'm I'm sure you've been there before You're a dude that the guys do this all the time Guys do this all the time I've seen it I've been in relationships before they pick up something from the ground and they go yeah this is good You do the test not to go out Like if I'm running to the store real quick I need a t-shirt I don't know about the ground either My um drawers works that they slide underneath my bed So technically that's the ground but like I don't just have clothes just strewn across the floor I pick them up like spaghetti and like I've never been in your room So I cannot comment on this But I guarantee if we had like a doggie cam in your room you think they'd be closing on the floor I think they'd be on your bed or a chair because very interesting like interchanging things And I I do think I do think because you're very like clean I do think And you've been weird about like because the one time you did come over to my place you took off your shoes immediately And so I can't see you throwing stuff on the floor because you talk about like germs and floors So yeah that's the thing No no I I would be a deal breaker though No not a deal breaker but it'd be something to talk about for sure Be talking point for women and men Like if a man does it it's kind of weird What if a woman picks a dress up off the floor She's like that's right off the floor off of the bed Are women expected to be a little bit more cleaner than men No I just think it's just like I think cleanliness is a thing Shower you know change your you know Yeah I can dig it I dig it you know also with your three views Um why do you look over to the right If you have anything you want to talk about why don't you just pop it in We we we'll give you a gander huh Go to the right You always Mr three views There's not there today but you you never miss a chance to comment a chance to comment You know I watched it you know I watched an episode of us Uh what does it say Oh Amazon Best deals We'll check them out Yeah Yeah Yeah Um no I actually watched an episode of you and me um from Good Day Live Uh and I literally over talked you like 90% of the episode It was bad Yeah it was um it was uh the Chloe Lawrence episode Yeah I made a living out of it Just kind of doing that Your face was awesome You're like like are you done Like are you done And I would be like yep yep welcome welcome Everything is great and and you're like what she said back to her that you know you're the one with the energy I'm not gonna come over
