mine was mine was epic because it was here in the studio with all of my wonderful friends And um and then I felt so sad afterwards It was such a high high and then a little bit of a low a low dip But that's OK I'm not as like uh fluctuating as you are I kind of just like you're even you know the word Kyle the the name Kyle is straight a straight arrow Really interesting I looked up the meaning of Kyle and I looked up the meaning of Michelle Michelle actually means this is urban dictionary Michelle means uh beat bubbly musical and um someone you want to be with all the time Oh yeah Is that really what it means or did you just make that up That's what urban dictionary says Pretty spot on And Kyle means somebody you could depend on who's straightforward and um is loyal very straight forward very loyal I am Are you Yeah OK Oh you are you are I'm not I'm not testing you You are you've shown up every single day for every single episode Oh no that's not true I missed Christmas break Oh right I keep forgetting that I did I forgot about it Yeah I think Kyle has shown up You have not missed a show here You are here and there have been times where you told me after the show that you were actually sick and I was like wait what I had no idea You are a professional but me I come in I'm like I didn't sleep I was like uh maybe I should just keep some things to myself You just gotta like you gotta stay positive like you're so good at doing and uh you know what it is Um I've been on a team I was on a team from 5 to 22 So I have a very uh the team that's a long amount of time to be on a team I was like no I did I was just giving you a hard time Um I love I love the squint of the ice I don't know how you didn't get that Can you do a British accent You did it the other day And I was like wow I do a British accent Might not break it for the rest of the um the m might not break my accent for the rest of the I gotta I gotta give Andy the behind the scenes videos of from like months ago where I pull up next to you And I was like hey how does it feel when somebody says you look like what was the guy's name again Idris Elba Because somebody came on our show and was like you look like Idris Elba and then like once a day you like really once a day and you you pulled your you had your glasses on and I was like Kyle how does it feel to look like Idris Elba And you're like uh if anything Idris looks like me So you're welcome And it's one of my favorite behind the scenes moments with you Um Another behind the scenes moment that I really love is you dancing across the street I'm like Kyle how is today And you're like what do you think What do you think you wouldn't be able to go But I'm very good So I love your goofiness It's so fun What a great friend to have and it takes a lot to work with someone every day right And

you don't hate me and I don't hate you Still still going strong good team good team great team Even though you forgot I was part of the team and started speaking over me in the middle of the episode We pass it I'm glad Hey guys how are you doing Welcome to the show I'm Michelle I have Natasha and Andy just having a good day Hope you guys are well out there Sorry I'm getting better working on it you know I'm working on it Why don't you look at the poster behind Oh wait where I go I'm slowly being phased out No you're not Don't say that You know I do not like that I do not like when you say things and Yes II I don't like self deprecation It's not fun for me No I it makes me sad No Um ok if you were dating someone um what would you have done for Valentine's last night That's a good question Yeah it really depends on the woman I think we were talking about this with one of our guests yesterday It was like a whole big blur But um it was kind of a blur It's like I'm more of the type of person who wants to ask and then they either tell me or say guess yourself And then I'm like ok fine I can guess myself as long as worst case scenario is when you do something and they're like I didn't want this and it's like well you should have communicated and there here we are So I'd like to ask you know what's interesting I brought this up uh yesterday uh my last relationship uh I was asked what I wanted for Valentine's Day and I kind of got bothered by that You got a little bit because I just feel like you know use a little imagination Yeah But I mean we want to get you the right thing is like are you ok like your whole head like turned around like you're like uh exorcist right now Like it went in my jaw That noise like I saw you you kind of like no But you know I I if if the person was like yes because I I've dated people who were like they say use your imagination and I've also dated people who are like I want this this and this at this time Yeah So you know you dated someone like that I feel like you wouldn't No I would I definitely like somebody who's straight forward Yeah exactly There are aspects of me that would date like a very straightforward woman There's aspects of me that would date a very like you know laid back woman and I have done both I'm sure you have I'm sure you have I'm sure you have Yeah I mean listen when we all went together uh to go sit down and like one of our first meetings um after the show to get to know each other better uh I didn't realize what a romantic you are What made you realize that Because you have a very like stoic attitude when you meet you like like you're like cool like yeah cool I don't like to show my cards You don't like to show your cards But when we sat down we talked to you There was a lot of romance brewing for Mr Kyle True Blood and like um you know you're very

hopeless not hopeless Hopeful for music I mean a lot of my friends would say I'm a hopeless romantic hopeless I say hopeful Life's boring without romance That's true Well I think I'm I'm a I'm a romantic when the way I look at the world you said What did you say I look at the world like a Disney movie I tried to she's like Bell Walking the beautiful town something on fire a block away beautiful town It's quiet It's every day The only reason I know the second line is because I've been in the studio next to you for that You have a great voice Thanks You did too You do You actually do I heard you one day after the show and I was like Kyle you have a great voice Why are you afraid to use it You're like actually somebody came up to me and wanted to record an album Yeah they put me in the studio I was in the studio I ran out of there in 20 minutes It's so full of it And then when we had the karaoke machine you were like not into it you became dark Well also it was August So there was that was something that had something to do with it It was a bit it was a bit hot Todd Todd war war in the studio Speaking of warm Shall we look at uh some things that happened yesterday shall we You want to get into it Let's look at some of the behind the scenes shall we Oh my gosh There are so many iii I just can't look at look at look at look this is uh I mean this is so cool These are read Cash Hovey the chameleon Cash chameleon Cash Oh I had so much fun Look at all this amazing amazing Look at how cool this was a very busy day Wow Look how beautiful the studio Everyone looked beautiful and red and pink that I I think so Um Zara and Krista Hope she actually gave her a Rihanna song to say like um you know she was ready to like throw it down that I would never expect that story You don't remember when Zara like you don't remember when this I mean this is about Zara and Crystal We're on the b roll that Zara and cry and cry We're still doing good I mean I am I'm watching it I'm I'm watching the play by play Andy if you can't if you can if you see us yelling it Um We're all look at how cute Adrian Ally are Zara and Krista Hope and Miss Kim Hill Kim Hill just is incredible Um Everyone was incredible yesterday and I felt the love so much so that like I like felt like the balloon afterwards Like I just felt oh KK she's got the I got to say she does have a direct line to uh dating Like she gives really good advice I mean she used to be uh she used to be a playboy playmate No but like she knows women and she knows that I like amp it up It almost seemed like she knew men as well I think she knows men You know what I mean No no no like mentally look how cute Look at Kim Hale dancing in the studio all the matching colors It's great Oh yeah the studio looked I mean look at this I I'm just in love I'm so in love yesterday I felt my heart so full Um um

Speaking of which well Kim Hall we we talk about more than love with Kim uh Gratefulness Yes absolutely was uh gratitude was a big thing for her yesterday I think a lot of people about gratitude too Right Well Chris the hope and uh were had a very interesting way of describing their relationship Uh how that it's just like a yin and yang for them as well Like they both give they both take It's good so cute And that that final photo is like absolutely adorable You know what we didn't do I would have enjoyed asking Marissa since she is like the single one on Valentine's Day She wasn't the single We were all single dude I said dude it was like a couple of singles There's a lot of couple half couples have I feel like you're like she has a like 2.0 so she would have I thought she would have had a really good insight on like what she does for Valentine's Day Did she have a date I don't I don't think so I think did Natasha You guys go out last night Get rid of those stories I want stories with Natasha last night for dinner We gonna get up and then when we got there we were like oh just have dinner and then we just that's so cute No you had a smile on your face I thought there was a me it was you thought there was something special Yeah Yeah Yeah Yeah No I think it's fine You know love doesn't have to be with like um you know between like romantic love It's like friendship love Yeah We talk oh look how cute Isn't that Isn't that ex-husband Yeah No no no Yes That was that like that was last night Oh that's so cute Are you serious Oh my gosh How cute is that Oh see now that's what I'm talking about They like I love this on so many levels because so Marissa is no longer with her husband But look at the friendship there and I like listen I think every relationship whether it's for five years two months three months forever like you know I think the love that still like you should honor and cherish the love that was there because I think you know um I'm not so quick to throw away things I think it's unless it's unhealthy I have to like step step aside But I feel like everyone was a season even if it was everyone has a season Yeah for sure You you that's ok So you didn't evolve together But at some point you were very similar and you needed each other in order to work They have Children together They have two teenage girls Yeah you can kind of see it in their eyes like they they sure I mean what if you grow apart fine but we grew together at some point how cute resulted in who we are Oh I love it Yes I think I think ultimately it's all about love it's all about love which is so fun Um We have comments from somebody who's never been married what I mean Oh ok Good job Um This was I believe the day before Oh yes Um and me practicing um giving a grand speech to everyone but uh and and closing it out with you know I hope you find love

and spread it to whomever you may Um Well you know if it's within yourself first you got to do that Um And what cute couples actually Stephen Benedict sent me the cutest cutest cutest uh text message it was a photo Um uh I guess uh Janelle pulls a be wrong Janelle pulled the coin for uh like have a picnic So he made this beautiful picnic spread for her and he sent me the video footage Isn't that cute Do you have it Can you show it Um I have it on my phone with my phone is over there Um but I'll have to we'll have to like uh Steven Benedict is an Olympic runner He has one of the cutest stories for how him and he and his wife uh got together They spent the first six months over the phone his fiance it's a huge detail I guess we gotta go back on I mean I guess if you don't have to but it's nice Yeah but you just ruin the whole flow No shit No I'm ready Hold my hands I'm here for you No No Ok All right No you don't want to tell a story anymore We must be married Are we married It's like hard to keep a train of thought Anyway um Steven Bennett great guy Um oo and Ben story were actually pretty pretty cute also Yes I wanna name their uh short story night walks Nights It's pretty on the nose but I get it No I mean nights they do nights No but that's how it started like that started They each took night walks but they were going separate directions That's it No I know but like that's how we would end the story as they now walk together So we would start the story where like both of them are leaving their house but they go the opposite directions and they go about like their walk and then they then they go about their days kind of like split screen how I like to do things And then ultimately they meet and then they start when they walk together Yeah Short story short stories with Michelle short stories with me Um Watch that like pop up on another like youtube series I'm just kidding No I'm not afraid to share my um I really want to ask this question but it's probably not the best What who is your favorite couple No you can't I can't answer that You know I can't answer that I can't answer that at all My favorite couple you and me the my favorite couple co host Uh Yeah because you are my teammate in this And um it takes a lot to put up with me You're saying like as in a yes just like a man That's a safe answer No I mean no no I mean like I think you know I think you you hold down the fort really well and you are really great with asking certain questions and you give me a lot of space to be great And then um and then when you feel the need to like take over I back up We do have a yin and a yank the yank thing going So um oh look at this So cute Just so so so cute We interviewed all those people in one day in one day Yeah Um What a team what a great group of people I think And Kimmy Seltzer left at that point Yeah Yeah

Look at your smile Look at how big your smile is So cute Zoom in Look at oh you're so happy I never think I've ever seen you so happy So cute We should get like the seven year old version of you and put it next to you and then I'll put the seven year old version of me and put it next to me I believe I'm holding like um um a look at that special Shout out to Marisa Gold for going to what was the name of this place The uh California Doughnuts I think Andy got one Did you actually get it Was it good Wow Yeah Who ate the picture That's a good question Marisa because they actually got the color of your hair rather Correct And I'm like what edible color Look at the cup the cupcakes Can we get the picture Look at this picture Look at how cute This is a good day Live Cupcakes Studio place cupcakes sweet TV Cupcakes I mean it was just epic Uh You know um I felt my mom's spirit very much yesterday because my mom would put on the best parties and oh nobody would ever want to leave the house Yeah And then I would be like I'm tired I want to go home My mom was like you are home I was like I know but mom like when are these people gonna leave She's like Michelle And then I asked my mom why do you have these big parties I don't understand She goes because your grandmother never celebrated anything Yeah And so my mom wanted to always make sure that she took the time out to celebrate every holiday in a very big way And it would drive me and my brother nuts because we were forced to celebrate And we were like I don't wanna like go to you know what I mean Like my mom's like put up the Christmas tree help me put up the Christmas tree We're like do we have to It's like yes we have to But you know when you're like you know 18 you don't really wanna like help put up a Christmas tree Exactly Like 15 and 22 It's like oh no II I it only lasted for like lasted Dang I'm like spending so much time with you It only lasted lasted it I got like my mouth It only last for like uh a couple of Christmas for me um with that But then I really embraced like the gratitude of season and the whole purpose of the season and it wasn't just a party I understood where my mom was coming from and um yeah it was really special Um so yeah I felt her spirit hardcore yesterday Thanks Um I even had a dream about her last night It was like yeah it was pretty wild But I think this is um me say me rhyming as I usually do so much I know I'm a Doctor Seuss and we're walking Doctor Seuss You can have a rap career 100% Mc Shelley Show And he said this to me this morning and said this is the live studio audience Michelle and I was like it is Look how cute everyone Oh Look at the genuine the genuine smiles the genuine like love I mean what are you laughing at You See Chris's face No What was her face She just we

Kyle every time Kyle is in the studio women uh slowly approach him in a
very approachable What level of I I don't want to build a reputation Kyle you
I asked Kyle's dad Kyle's dad came to the show and the first thing I said I
was like over shares Yeah Oh I'm like your dad I said I said um hey Ed I said
Mr True Blood I was like OK I said uh I love your son First of all I was like I
love your son and he was like you're not the only one And I said um II I said
uh I said I have to ask every time there's a female guest in this in the studio
audience every time there's a female look at how my brain is just going there
Now um every time there's a female guest they always approach Kyle and he
was like I said how long has it been going on And he goes oh that has been
going on since the beginning of time Michelle and I was like really like since
he he was like since middle school girls principals teachers they just flock to
him Is this true There was a few teachers my vice principal in middle school
loved me I don't know what that was about I could do nothing wrong in
middle school And then once I got to high school it was a male but he was in
he was even cooler I just I just could do no wrong with those guys They were
great The whole town was just like Italian and it was but it was still diverse
but already Italian like um yeah like is that why you say and you say that
what they called it Like my mom if an op came up to me and was like this is

walking around like a normal human just with a bunch of money and figuring out a way to not die easy You know this is hilarious He's not a superhero Ok He's a superhero Ok I was thinking like the Hulk or something on Charter She says Batman is not a superhero I will not put the bat signal in the air when she when the and did I not say your name I said um I I literally he's got a bat signal He's not a superhero He's got a car he's got the cape I met Batman He's even got the hot woman to follow him around catwoman and Batwoman My God hot woman Wow Every superhero has like a has a a counterpart Yes Yeah Yeah Yeah Yeah Yeah of course Except for the flash I don't think the flash is a counterpart I don't know here we go my men I love it I'm gonna look over here No one no one freak out Um First of all Chris you're just saying that because Michelle's is 55 Ok You see what Chris said Oh that's sweet You're my superhero Chris Those don't tell Kyle that did burn a little bit super super super super hero You Michelle I don't see Chris is a superhero I am I wasn't it's not there It is adorable Is this Batman Chris you really want to win over Michelle You sent some flowers This is Batman Let's take a look Let's look at oh yeah send flowers to a po box to a po box and my brain does not stop when it comes to the show I'm always thinking about like what's next what's next Like how can we keep the needle moving I remember on one show that you said the next time you had the opportunity to go up to someone and talk to them that you would go up to them And I was like ah accountability man That's the worst To be honest I was oh it was Michael freaking can I say it was Michael So anyway I went up to him and I was like uh I don't normally do this but um uh my co-host and I were just talking about you and batman and he was like who's your co-host And I was like Kyle True one and he was like like and you were like you could see him trying to register And I was like I just think I named this guy and I was like I'm Michelle Murad and I host a daily talk show called Go Day Live Down the Street Um Anyway can I give you my card You gave him a card I gave him my card and I was like I would kick myself in the butt if I didn't come up to you and talk to you And he's like he was so sweet He was like don't kick yourself in the butt I was so excited I called you right afterwards Right afterwards I called my dad too and guess who was in the restaurant Michael Keaton That's cool Right Batman I'm like oh my gosh I just ran it to Michael You mean Batman Batman That's a funny little button at the end to Keaton You mean Batman Did I tell you I ran to Michael Keaton So many amazing memories But I gotta say I've run into a couple of stars and as Andy knows I do say something I'm not that guy who's gonna like like Google or ugly I

love your work your work your work Never seen it But love it I definitely have seen it talking I haven't seen your work I don't even know who you are I just found out how Carly Simon is now I love her work But the point is is that I'm driving down the street and just by his walk from the back I was like that's Michael Keaton from the back Hadn't seen his face I was like that's 100% Michael Keaton Right So I drove over drove over He turns around who is it I feel like I'm telling a story like I'm in night of the Roxbury Emilio Estevez Anyone No Ok So he turns around and it's freaking Michael Keaton and I was like Mark you didn't call me No I did not And it was it was you I don't have time for that yet And I was like I was like Mark and he immediately raised his hand up like like he was like a high school I was like back in high school It's it's awesome when like real like superstars are cool and like and like enjoying the fan process like hey welcome back to the program Sorry they are cool Just like you Braden I love that name Braden Brandon Lawrence It's a good name I I don't know I don't know How are you I'm good How are you Brandon We're just talking about superheroes I may I may take that name for my Children Braden Fantastic You gotta find the woman first before you have all these Children right Don't you Who has a dollar bill at the moment It took me a while to figure that out too I was like oh we're good I'm good Are you Good You good Four quarters four quarters I absolutely love flash Oh I don't know enough about superheroes You know what brand we're doing All right today we're doing pretty good today How are you I you know who I love looking at the camera I love Iron Man It's only took taking me like 500 episodes to look at the camera You know why I love Iron Man Uh why Because he's rich do that too I mean no that's not the main reason but like all those cool suits He's so cute Well it's Robert Downey Junior Oh my God I never thought Robert Downey Junior was so cute until he put on a suit on the Iron Man You got a thing for suits though You do Why is so weird I think women like men that put effort into their appearance Sometimes not all the time Sometimes suit three piece suit He does wear three piece suits This is so funny suit on or he's got an Iron Man suit Yeah Yeah it was you who asked me this Right He's Iron Man Yeah I know He married to his agent That's cute Oh that's sweet That's sweet No no Was it you who asked me if I needed to date a man in a three piece suit Because I you called me yesterday and you were you were eating with Andy and you said something And I was like do you just need a man in a three piece suit Oh because I said I was like Kyle I just love like Rodeo Drive and like getting all dressed up and like being around all these fancy people I'm like

out of the show So at this point I am just I'm in like sweats with like a with you You were like you like you sound fancy What are you doing And I was like I'm just having lunch at uh at the grill and you were like what's the grill now I know I know what you wanted to be when you were a kid What did I wanna be as a kid Um Ants and what else And when I was a kid what did you want to be an archaeologist Wow that was pretty good I I do you want to dig bones Oh he's thinking about enlisting in the National Guard That's awesome Be careful But that's awesome Yay Where have you been all our life Play the Rihanna song Where have you been on Do do do do do do I'm pretty sure the last time you tuned into the show was wearing the same exact dress too but we were ok Uh What is something I do that annoys you Um Oh we did watch the Super Bowl Brayden Did you watch the Super Bowl What is something that you do that annoys you over there when you talk to Braden please Just look over there That's not Rihanna is it That's not the right song That's not the right song Can we get some umbrella going Oh he's with you We missed you Cookbook divas The last time you came on the show we didn't read your comments I feel like that's not a thing I don't think that that was Yeah I remember that cute dress Thank you It's a it's a very cute one I love it We must have missed you at or or you might have been uh writing to the show that was pretaped and we were no we don't have any pretaped shows Kyle No but you can watch our shows after we're done Yeah maybe she Oh what's that Oh you can't check you can check I don't know how you cook Yeah we always we remember you You're one of our favorites we have You're in our real what do I do that Oh things like that Oh when you say how do you watch our show that annoys me to the end The great You're like hey Michelle what's the link to our show Like yesterday with the No I did It took you nine minutes to get it right What No that was my email address It was good day live V dot com You can email me and I will gladly respond to everything Brayden is hilarious Brayden says that the Super Bowl was rigged Do you agree with that No I don't think everyone's coming out and saying that you know the NFL has a rigging system Oh no You know maybe maybe not Um it seemed pretty fair to me Um it's pretty hard to rig the NFL unless the refs are just calling penalties sometimes and not other times Um that is the thing I won't get too much into it Uh bra and you and I can get better into it at some point I'm an Eagles fan so I would love to get into it at some point Yeah that's interesting Right Well that didn't really that that's not a reason to rig the entire NFL season for the team to get two brothers together That doesn't make any sense But um I thought it was also like a really cool thing I

mean the unexpected you have to understand Kelsey and Kelsey have each been to the Super Bowl before So it was just a matter of time until they met each other They're both playing for amazing quarterbacks They're both offensive players want a tight end one a center They were both headed there anyway one more question I love that end There's a lot of questionable terminology in football Like receiver I don't get Oh ok No that's the name of a position I know receiver Ok All right Let's keep let's keep playing uh maybe cook book dives wants to play with us who spends more time on social media Kyle true 100% Not true What you every everything you are always on your phone last night I was on my phone a lot But that's because it was it was Valentine's Day and I didn't necessarily have a show You run our social media How could you possibly be on it Less than I am Well you are scrolling more than I am posting False True We're gonna time it Ok Whatever Um did you have a good Valentine's Day I mean not together Of course Hilarious I love that Everyone thinks they're dating I mean I think we're too cordial to each other to be dating I don't you know what That's not true Like why do I think that that's a bad thing to have is that we're too cordial for people to think that we're actually dating What's wrong with that That's what's wrong with my thought is that we're too cordial Well it's not true because we're not that cordial and a lot of people think the people in the chat are chatting with each other This is so cute I love it Everyone Meet everyone the hell Are you laughing at they laugh at me Ok What's the sketchy situation we've been in together Oh I can't write this sketchy sketchy I don't I can't do it Uh sketchy Oh Aug It'd have to be August Yeah I mean you knew about that Yeah Yeah Yeah I was gonna say the but yeah um 00 we actually met someone We were walking down the street the other day we ran into somebody from that event The wild the wild small 300 of them said you would never want you know if you you just happen to step out one day Um you know he'd like to fill in for you And I was like oh gotta be careful guy Make sure you don't need any any um spicy foods Hilarious I'm so scared for my job If I could move to any domestic city which one would I choose Which one would I choose I love you Any domestic city You I feel like you're already living in there Yeah But besides a because I I love this town I would say Miami Miami love me some Miami but it's a little too small Fry says New Orleans Where would you where would you what about you The way you responded to That was so funny New Orleans Why Kyle Where would you live Uh I mean it's hurricane season down there You can only live in New Orleans for like six months a year Where would you live Um

probably Aspen Aspen Oh yeah because you're a snowboarder I keep forgetting Um I would probably live one depending on the budget budget What since when do you care about Budget I always care about Well I mean I care because it depends on where I live If I'm gonna live somewhere It has to be like a feasible for my living expenses I'm living already where I wanna live But um domestically does Hawaii count Yeah Right I've never been but I feel like I would love it there That's a good call Yeah Um I would I wouldn't like it there Why It's beautiful Oh there's no Jimmy shoe stores there are there No What's that Oh there are no people Oh yeah that'd be hard Ok So I would want a day What is it a day stay I actually looked up how much it would be to go for the weekend Not it's not bad How much is it Like a couple \$100 What what do you mean What you mean Just the flight Yeah What yeah What what do you think I like and then I I probably talking about budget So like that's not the budget That's yeah Yeah I would live um cookbook dives would live in Washington Um uh Washington DC I lived in Washington DC It was lovely Um I I know it is safe Um it depends on what part of DC but that's every city right Like it depends Um oh Paris I wanna go there too But yeah that's not domestic that's international but aesthetically Paris works for me The food It's all right Can we can we go film a show in Paris Oh can we go film up Can we go film um an episode of Good day live in Paris Yeah Does anyone know what this is in the chat Can anyone guess where Michon phone is from And have you been on Monday Um where have you been on the foggy bottom Why do I why does foggy bottom DC That's DC Foggy bottom is DC Yeah Yeah she lived in foggy bottom Um yeah Where have you um anyone know where this phone is from No anyone know where the phone case is from No one no one no one can I say it Um Sure Go for it Emily In when Kyle told me that he watched Emily embarrassment Nearly lost my going on that There is a oh I guess we're going to make it out It's not it's not that kind of thing It's just like a like a a mayor He's not the man Andy Can you put this in our carousel Like the mayor of Kingstown kind of a guy We just got asked if it's in our carousel from cookbook No it's not But you can get on Amazon and just type in um camera phone case This is from Emily in Paris Um Yeah Uh-huh Great Yes Oh yes I would love to go to Paris this afternoon Let me get my bags Ok Oh yeah No Zebra lost his job so he's not doing that anymore How do you know he lost his job He D ID M him to come on the show Um I didn't know that Emily I don't know what Emily and he will over that No no no no no no no When I asked him to be on the show pause everything Let's get hold on
